BRITISH CAPTURE GERMAN PRISONERS

Take 17,000 on Somme Front, Make Total in Two Day's Fighting 4,000

FRENCH CLAIM PROGRESS

Berlin Admits Loss of Three Villages — British Attacks Against Combles Ineffective

DRIVE ROUMANIANS BACK

General Haig, commander of the British forces on the Somme front, reports the capture of additional German prisoners to the number of 1,700, making the total number of captures for the last two days more than 4,000.

The continuation of the battle is reported in the British official statement in "certain localities" south of the Ancre river. The British proceeded methodically with their attack which begun on Friday and the Germans responded with heavy counter-attacks, both against the British and the French.

Comparative quiet, however, reigned along the French section of the Somme front, altho the French report some progress north of Bouchavesnes and the capture of a trench northeast of Berny.

Berlin admits the loss of the large villages of Courcelette, Martinpuich and Flers, but declares strong British attacks against Combles were ineffective. It is estimated by the Germans that twenty divisions, or about 400,000 men, took part in the Anglo-French drive of Friday. Berlin says the British made progress and that the French assaults south of the Somme were repulsed.

Bulgarian troops, assisted by Germans and Turks have regained from Roumania virtually all that part of Dobrudja taken by Roumania during the second Balkan war. Under the leadership of Field Marshall Von Mackensen, the forces of the central powers have driven the Russians and Roumanians back to a line running from north of Silistra on the Danube to Mangalia, on the Black Sea coast. The Roumanian advance in Transylvania is meeting with stiff resistance from the Austro-German forces in the vicinity Gogares, twenty miles north of the frontier. Attempts of the Roumanias to cros sthe Alt River were checked. At Hatzeg, Roumanian positions were taken.

Italian troops are succeeding in their new offensive toward Triest, Rome says. Several important positions on the line of the Vallone were taken from the Austrians and the Italians also captured more than 1,000 prisoners.

According to the entente capitals the advance of the French, British and Serbians in Macedonia against the German-Bulgarian forces continues successfully. The most violent fighting is taking place west of Lake Ostrovo, where the Serbians have advanced northeast of Florina, and have captured 32 cannon. French forces have also advanced in the regions of Vetrenik, Kaimaokalan and Florina. A belated despatch from Sofia says the Bulgarians repulsed attacks in the region of Lake Ostrovo.

Berlin says the Bulgarians retired to a new defensive position after the loss of Malkanidze. Serbian attacks on the Monglenica front failed, according to Berlin.

AGED JOURNALIST DIES.

New York, Sept. 16.—Horace White, for many years one of the country's foremost journalists and an authority on financial subjects, died at his home here today after a long illness. He was 82 years old. He was editor of the Chicago Tribune from 1864 to 1874.

Mr. White was a survivor of the distinguished group of New York Journalists which include Charles A. Dana and Whitelaw Reid. He was a personal friends of Abraham Lincoln.

CENSOR OFFICIAL LETTERS OF U. S. NAVY DEPARTMENT

Washington, Sept. 16.—British censorship of United States mail has extende to official letters of the navy department from the Far East.

On the eve of arrival of Great Britain's note replying to state department protests the mail censorship, it was learned today at the navy department that censors at Vancouver, B. C., had opened several letters addressed to the department from navy officers at Hong Kong, some of whom have the diplomatic status of naval attaches.

PRETTY HOME CEREMONIAL UNITES PROMINENT YOUNG PEOPLE

Miss Jeanette Taylor is Bride of Chester Hemphill—Company of Eighty Present at Wedding.

Very impressive was the wedding service which united in marriage Chester Abram Hemphill and Miss Jeanette McClun Taylor, Saturday evening at the home of the bride. The wedding took place in the front parlor at 8 o'clock and was witnessed by eighty friends and relatives. Dr. Joseph R. Harker, president of Illinois Woman's college officiated, assisted by the Rev. G. W. Flagge. The ring ceremony was employed.

The first to enter were Miss Hermione Peterson of St. Paul and Mr. Fred Savage of Ashland. They were followed by the groom and his best man, Mr. Durrell Hatfield of this city. The maid of honor, Miss Ruth Taylor, next entered, alone, and then the bride with her father. They stood before an embankment of ferns and white clematis while the words were spoken which made the young people man and wife.

The bride's gown was of ivory white satin, with lace over-drape. It was made decollette with court train. The bride carried a shower bouquet of roses and lilies of the valley. Miss Ruth Taylor wore pink and Miss Peterson wore turquoise blue and they carried arm bouquets of pink roses.

As the bridal party entered the wedding march from Lohengrin was charmingly rendered by Miss Hazel Belle Long. During the evening music was furnished by the Randall orchestra.

The guests, on arrival, were received by Mr. and Mrs. J. W. Taylor, Mr. and Mrs. Frank Byrns, and Mr. and Mrs. Charles Price. After the ceremony a reception was held and a luncheon was served. Hood and Larson were the caterers. In the dining room Killarney roses were used and in the living room were ping asters. When the wedding cake was cut eager search was made for the tokens and these were found by the following: Robert Taylor, the ring; Miss Hermion Peterson, the thimble; Henry Taylor, the key; Fred Savage, the dime and Mr. Hemphill, the penny.

The bride is the daughter of Mr. and Mrs. J. W. Taylor. She is the possessor of much talent and is well endowed with charm and womanly grace. She was graduated from the Jacksonville high school with the class of 1910 and in 1912 she completed her course in the school of expression at Illinois Woman's college. The following year she took post graduate work in expression at the Cumnock School of Oratory, Evanston, and at that college became a member of the Zetta Phi Eta sorority.

Mr. Hemphill is a son of the late Mr. and Mrs. J. W. Hemphill of this city. He was a classmate of the bride, being graduated from the high school with the 1910 class. He later attended the University of Illinois, receiving his degree in 1915. He is a member of the Alpha Tau Omega fraternity and stands high in Masonic circles, having recently taken his thirty-second degree.

Both bride and groom are numbered among the city's most popular young people and many are the hearty words of congratulation they will receive. They were the recipients of many handsome presents and these were placed in the east room of the Taylor home.

Mr. and Mrs. Hemphill left the same night for Chicago to begin a short northern trip. They will be at home to friends after Nov. 1 at 146 Pine street.

Among out of town guests at the wedding were R. C. Taylor and son, Mrs. Margaret Campbell, Miss Alice Taylor, Miss Rebecca McEcheran, Mr. and Mrs. W. T. Sudbrink, Misses Josephine and Mary Sudbrink, Mr. and Mrs. Angus Taylor, Miss Kate Taylor, Janet Taylor, Mr. and Mrs. R. H. Campbell and daughter, Vivian, all of Virginia; Amos Richardson, John Herndon, Mr. and Mrs. Robert Thomas, Springfield; Mr. and Mrs. A. R. Taylor and Miss Marie Taylor, Taylorville; Mr. and Mrs. Duncan Taylor and family, Beardstown; Mr. and Mrs. Otto Wernsing, Greenview, Mrs. Mary Karney, of Bloomington and Miss Lily Way Rutledge, Chicago.

URGE NEED OF FEDERAL AMENDMENT

Portland, Ore., Sept. 15.—Need of a federal amendment to stamp out the liquor traffic was urged by the Prohibition national candidates today and tonight in cities of Washington and Oregon, both dry states.

FAIRBANKS STARTS FOR PEORIA

Atchison, Kans., Sept. 15.—Illness caused a temporary postponment of the speaking tour in Kansas of Chas. W. Fairbanks, Republican candidate for vice presiden there today and he left tonight for Peoria, Ill.

His departure followed a strenuous day of speechmaking.

ASPHALT AND TARVIA IN DENVER.

O. F. Buffe of the Ayers National Bank, who is on a vacation visit in Denver, in a card to Mayor Rodgers says that he has seen no paving but asphalt and tarvia there. Both of these materials seem to be very popular and satisfactory in the Colorado city.

WILSON TO ATTEND FUNERAL OF SISTER

CANCELS ALL POLITICAL ENGAGEMENTS FOR FIRST PART OF WEEK

President Will Board Funeral Train at Trenton, N. J., this Afternoon and Go to Columbia, S. C., Where Funeral will be Held Monday Afternoon.

Long Branch, N. J., Sept. 16.—Cancelling all political engagements for the first part of next week, President Wilson made plans today for leaving for Columbia, S. C., tomorrow afternoon to attend the funeral of his sister, Mrs. Annie E. Howe, who died this morning at New London, Conn.

The president had planed to speak in St. Louis Wednesday before an underwriters convention but as soon as he heard of his sister's death he arranged for Secretary of War Baker to make an address in his place. He also had made engagements to see Chairman Vance McCormick of the Democratic national committee, Senator Meyers of Montana and other political leaders on Monday.

News of Mrs. Howe's death reached the president at breakfast. He was greatly shocked, altho he was told several days ago it was impossible for her to live. He had planned to return to New London before her death.

Accompanied by Mrs. Wilson and Dr. Cary T. Grayson, the white house physician, the president will motor to Trenton, tomorrow afternoon and at 4:56 p. m., will join his brother, Joseph R. Wilson of Baltimore; his daughter, Miss Margaret Wilson and several other relatives, who will go with Mrs. Howe's body to Columbia. The funeral party will arrive at Columbia Monday morning at 11:30 and the funeral will be held Monday afternoon.

HOLSTEINS FROM ELGIN.

Mention was made recently of the trip of E. E. McPhail, well known dairyman, to the Elgin district for the purchase of Holstein cows. Mr. McPhail went to Chicago Monday night and on the Kenyon farm near Elgin found just about the kind of cows he needed. He had previously been in correspondence with the owner of the farm, who had from 75 to 100 Holsteins for sale. A few springers were purchased from another farm and the shipment of cattle reached Jacksonville Friday. Nine of the cows are now on Mr. McPhail's farm and six have been added to the herd of LeRoy and Homer Potter. On the Potter farm just northeast of Jacksonville.. A Homer Potter, on the Potter farm the farm and the Potter brothers expect to do a dairy business, specializing on Holsteins.

FREE KINDERGARTEN

The board of directors of the Free Kindergarten met at the residence of Dr. R. O. Post last night. Nearly the entire membership was present. The occasion was to convey the appreciation of the organization and the citizens of Jacksonville to the retiring president, Dr. R. O. Post in recognition of his lon, faithful and valuable services as president of the board.

Rev. J. F. Langton briefly addaddressed Dr. Post and introduced Dr. E. B. Landis who made a most beautiful and appropriate address voicing the thoughts and feelings of the community. It was a splendid tribute to Dr. Post's work along all lines of helpfulness. After a feeling reply from Dr. Post, refreshments were served. A short business meeting was then held. The new president, Rev. J. F. Langton made an optimistic talk. Outlines for work were suggested and plans definitely made for an aggressive year.

It was a most enjoyable evening.

AGED WIDOWER WINS YOUNG BRIDE

Boston, Mass., Sept. 16—A six months' romance in which the age limit was thrown into the discard will culminate in the marriage here tomorrow of Miss Evangeline R. Wise, daughter of an inspector of the Boston police department, and James T. Mulligan, a prominent business man. Mr. Mulligan is a widower and confesses to being close to his sixtieth milestone, while his bride-to-be has just entered upon her seventeenth year. Miss Wise is a talented choir singer and has also attained prominence as a player of tenis and golf.

SOCIALIST PARTY VOTE

In the recent primary election eight Socialist pary votes were cast. Patrick Lyons was nominated for circuit clerk. He received two votes, but as there were no other candidates who received a larger number, his name will go on the official ballot in the election next November.

TO RESUME SESSIONS MONDAY.

New London, Sept. 16.—No work was done by the joint American-Mexican commission today. The sessions will be resumed Monday, when it is expected the commissioners will consider questions including claims against Mexico by American citizens and the charges made by Americans that their property is threatened with confiscation as the result of excessive taxation.

TELEGRAPHIC BRIEFS

HUGHES LEAVES BRIDGEHAMPTON TODAY

Bridgehampton, N. Y., Sept. 16.—Charles E. Hughes, expects to leave here for New York tomorrow afternoon arriving ther eabout 7 o'clock p. m. Contrary to previous announcements Mrs. Hughes will accompany her husband on his coming middle western trip which starts at 8 o'clock Monday morning.

SOCIAL EVENTS

Birthday Party for Harold Strawn, Jr.

The second birthday of Harold Strawn, Jr., was the occasion Friday of a pleasant party at the home of the little boy's parents, near Orleans. There were present, Mrs. J. W. Strawn and son, Virgil Lee; Mrs. Joseph Zellar and son, John; Mrs. Henry Strawn and son, Henry, Jr.; Mrs. Iva Lewis and son, Oliver Leo; Mrs. John Hall and daughter, Frances; Mrs. Wesley Robertson and daughter, Jane; Mrs Frank Foster and daughter, Madeline; Mrs Frank Danneberger and daughter, Lillian; Thelma Centers and Jewel Bottoms.

Each child was presented with a pretty favor. Refreshments were served and the occasion proved most enjoyable.

Jacksonville Council Plans Chicken Fry:

The annual chicken fry is anticipated by United Commercial Travelers and their wives as one of the pleasant social events of the autumn season. Plans for this event were matured last night at the regular meeting of Jacksonville Council No. 182 and the chicken fry will be held Sept. 30 in the U. C. T. rooms.

At the meeting last night one candidate, John A. Rose, was admitted to the order. A committee was appointed to assist in the fall festival to be given under Chamber of Commberce auspices the week of October 9.

Helping Class With Mrs. Bealmear.

The Helping class of Hebron Sunday school met Thursday afternoon with Mrs. Charles Bealmear, at her home near Sinclair. Mrs. Henry Daubard offered prayer and Mrs. Daniel Ward read the scripture. Music was furnished by Mrs. Charles Bealmear and Mrs. Lester Hart and Mrs. Robert Hopper gave a reading. Mrs. Albert Hopper told an appropriate story. Refreshments were served. Mrs. Howard Cully, Mrs. Frank Hunter and Mrs. Lester Hart assisted the hostess.

The fortunate friends were Bertha Roberts, Ruth Bridgman, Noda Coulson, Hazel Antrobus, Athol Farner, Frank Anderson, Dean Antrobus, Alden Allen and Prof H. M. Robertson of Chapin, Abe Stone of Concord, Harold Dunlap, Byron Carpenter, Dick Reynolds, George Cain, Laurence Henderson Tom Ransom and John Martin of Jacksonville.

TO SEND ADDITIONAL GUARDSMEN TO BORDER

BAKER DETERMINED ALL UNITS SHALL UNDERGO BORDER SERVICE

Secretary Intends to Use Troops in State Camps to Relieve Those on Border so that the Latter May Return Home and Be Mustered Out

Washington, Sept. 16—All national guard organizations which have been held at state mobilization points since they were mustered into the federal service are scheduled to start for Mexican border soon. Officials indicated today that they probably would go within two weeks.

Secretary Baker is supervising all guard movements. He is determined that every guard unit shall undergo border service and training before it is discharged and intends to use the troops in state camps to relieve those on the border so that the latter migh reurn home and be mustered out of the federal service.

Exclusive of the North Carolina organizations ordered to the border today, there are 18,000 guardsmen who have been held in their state camps.

Reports to the war department received during the last few days show that these units have been properly equipped and recruited and are prepared for duty.

Troops Camp at Wetmore

San Antonio, Texas, Sept. 16—The main body of the provisional division which left here this morning for Austin camped tonight at Wetmore, nine and a helf miles north of the starting point. The remainder, composed of Wisconsin brigade which took another road camped at Luexella.

General Funston announced tonight that the North Carolina regiments of guardsmen ordered to the border today will be stationed at El Paso.

REPORT GAINS CREDENCE

New London, Sept. 16—A persistent report that the German submarine Merchantmen Bremen a sister ship of the Deutschland, would arrive here within a week gained credence tonight by the arrival in this city of Paul G. L. Hilken, manager of the German Ocean Transportation company which was organized to operate the undersea craft. Mr. Hilken was accompanied by G. Prusse, who was credited with having constructed the Deutschland, the first German submarine freighter to reach the United States. Mr. Prusse was a passenger on the Deutschland when tht vessel arrived at Baltimore.

LYON DEFEATS PAVEY.

Springfield, Ill., Sept. 16—Official returns today indicate the nomination of Thomas E. Lyon, Republican, of Springfield, for Representative in the twenty fifth district against W. A. Pavey of Springfield by a total of 360 votes. It was at first announced that Pavey had secured the nomination. The other nominee on the Republican ticket is Jacob Frisch of Springfield.

Edward L. Merritt incumbent, and Clarence L. Jones, both of Springfield are the Democratic nominees.

LEWIS STARTS ON SPEAKING TRIP

Chicago, Sept. 16—Senator James Hamilton Lewis of Illinois left today for Minneapolis where he will open his speaking tour thru the northwest in behalf of Wilson and Marshall Monday. He will follow the route taken recently by Charles E. Hughes to the Pacific Coast and return to Illinois about the middle of October to close the campaign in his home state.

RELEASE BROKER ON BOND

Minneapolis, Sept. 16—Ira Bond, a local broker arrested here yesterday following his indictment at Chicago on charges of larceny and receiving stolen property in connection with an alleged band of automobile thieves wa sreleased today on bail fixed at $5,000.

ANNOUNCESC PLAN FOR PROBE

Chicago, Sept. 16—Detailed plans for the federal investigation into milk prices here were announced today by C arl Vrooman as the secretary of agriculture. Vrooman said the inquiry would extend to producers, wholesalers and retail dealers.

RACE ENDS BEHIND SCHEDULE.

Seattle, Wn., Sept. 16.—War department officials in Washington are to receive within a few days details of a trans-Continental Automobile relay race against time which ended today at Fort Lawson, when a message which started from Plymouth, Mass., at noon last Monday reached Fort Lawson at 10:12 a. m., an hour and twelve minutes behind the 120 horn schedule.

MERELY A SERVICE CABINET.

Athens, Sept. 16.—The new Greek cabinet heade by Nikolas Kalogeropoulos assumes power under the same conditions as surrounded that of its predecessor and is merely a service cabinet.

ELECTION BOARD BEGINS PROBE OF ALLEGED VOTE MANIPULATION

CHICAGO, Sept. 16—The Chicago board of election commissioners began an investigation today of alleged vote manipulation in last Wednesday's primary. The inquiry was requested by Lieutenant Governor Barratt O'Hara, defeated on the face of returns for the Democratic nomination for lieutenant governor by Henry W. Huttmann. The investigation centered about the fourteenth precinct of the first ward where only 76 votes wer ecast, it is stated, but where seventy were accredited to Huttman and four to O'Hara.

Michael Milano an election official in that precinct was questioned and said he did not remember how the extra ballots got in the box.

The contest probably will be taken to the county court, O'Hara stated.

ODD FELLOWS AT CHATTANOOGA

Chattanooga, enn., Sept. 16—The ninety-second annual communication of the Sovereign Grand Lodge of the Independent Order of Odd Fellows will be held in Chattanooga beginning tomorrow and continuing thruout the week. The sovereign grand lodge is composed of between two and three hundred representatives of grand lodges of the order in the different states, the insular possessions and foreign countries. Auxiliary organizations will meet during the week. These includes the Rebekah assembly and the Patriarchs Militant. Already there is a perceptible influx of delegates to the gathering, altho the regular proceedings will not begin until Monday. On the big day, which is Wednesday next, thousands of visitors are expected here to see the parade, which will be reviewed by the governor and other state officers, the mayor and the city officers and the grand sire and representatives of the foreign grand lodge.

"FOURTH OF JULY" IN MEXICO

Mexico City, Sept. 16—The comparative tranquility now prevailing in Mexico was reflected today in the popular celebration of the national holiday, which was observed with more enthusiasm than has marked the occasion for several years. The day is the 107th anniversary of Mexican independence. Business houses and residences in the capital were decorated on an elaborate scale and large crowds congregated in the parks to listen to the band concerts. The customary civic parade was held and was reviewed by President Carranza and other prominent representatives of the government.

CATHOLIC CHARITIES CONFERENCE

Washington, D. C., Sept. 16—Several hundred delegates, including men and women prominent in Catholic charities thruout the country, assembled in the capital today and visited the Catholic University, where they registered preliminary to the opening tomorrow of the biennial meeting of the National Conference of Catholic Charities. Included among the arrivals were delegations from Chicago, Boston, New York, Philadelphia, New Orleans, Baltimore and otae. cities.

When the conference begins its serious work Monday every section of the United States will be represented at the discussions of means and methods of alleviating suffering among the poor and stamping out poverty and its entailed evils. The proceedings will open formally tomorrow morning with a solemn mass attended by the delegates. In the afternoon visitors will be received the Most Rev. John Bonanzo, the apostolic delegate to the United States.

BOSTON GETTING ALONG IN YEARS

Boston, Mass., Sept. 16—Boston will reach its 286th birthday anniversary tomorrow. It was on September 17, 1630, that the colonists under John Winthrop removed to the present site of Boston from Charlestown, where they had established themselves several months earlier. At that time the peninsula was called Trimonfaine. The colonists renamed the place Boston, after the Lincolnshire town whence many of them had come.

MINING ENGINEERS TO MEET

Phoenix, Ariz., Sept. 16—Leading metal-producing concerns in all sections of the United States will be represented at the meeting of the American Institute of Mining Engineers, which is to be held in Arizona next week, with sessions in half a dozen of the principal mining centers of the state. The country's record production of metal during the past year has greatly stimulated the interest in general mining topics which will be discussed at the meeting.

Mrs. S. M. Henderson and son Marion of the Concord neighborhood, who have been visiting in Eureka, are expected home today. Miss Ruth Henderson, accompanied by Miss Elsie Gray, recently went to Eureka to begin the work of the year in the college there. Miss Henderson has rented a house in Eureka and a number of the girl students will be with her during the term.

VILLA ATTACKS CHIHUAHUA CITY

Bandit, With 600 Men, Is Driven Out With Heavy Losses

GEN. TREVINO WOUNDED

Band Penetrates Part of City —Captured Bandits Are Immediately Put to Death

NO EXCITEMENT IN JUAREZ

EL PASO, Texas, Sept. 16—Villa attacked Chihuahua City today with 600 men, penetrated part of the city, but was driven out with heavy losses by the constitutionalist army. The captured Villa followers were immediately put to death. General Trevino was wounded in the arm.

This news was received in Juarez late tonight immediately upon the establishment of telegraphic communication with Chihuahua.

During the afternoon the operator at the station of Sauz on the line of the Mexican Central railway, 25 miles nort hof Chihuahua, reported he could hear distant sounds of cannonading.

Dispatches from Chihuahua City received here yesterday reported that a feature of today's Hidalgo parade would be 24 field guns. General Trevino said last week that scouts who had interviewed ranchers on Villa's line of march learned of a boast by Villa that he would celebrate the eve of Independence Day in Chihuahua.

Tonight's despatch to the Mexican officials in Juarez told briefly of the repulse of Villa's 600 men, the capture of those who penetrated the city and their death and the wounding of General Trevino.

Juarez showed no signs of military excitement tonight. A large crowd from the town and neighboring country in which women predominated, promenaded the main street and around the plaza, where the garrison band played. In the custom house a ball was given by the elite of the town.

WITH THE SICK.

F. M. Brewer of the Dunlap hotel has been confined to his room for several days suffering with neuralgia. He expects to be out soon and will then have a statement of his appreciation of the support given him in the recent primary.

Miss Mamie Ryan of the Woolworth store was kept from her duties Saturday by illness.

John N. Joaquin of the Journal office force, who has been sick for the past ten days, is now improving and hopes to resume his work the coming week.

Mrs. Joseph Vedder, a patient at Passavant hospital, was able Saturday afternoon to return to her home on Lincoln avenue.

FALL FESTIVAL PLANS

A contest is to be held among the seventh and eighth grade pupils for four prizes to be given for the best art posters drawn to advertise Jacksonville's fall festival. Announcement of this plan was made Saturday by the Young Men's Booster club, the committee having arranged with Miss Harriet Seibert, art supervisor in the schools. The first prize in each grade will be $1 and the second prize 50c. A big Eli ferris wheel and a merry-go-round manufactured by the Eli Bridge company of Roodhouse, an enterprise which is later to be moved to Jacksonville, will be attractions during the festival. Spaces in the park to be used for concessions were plotted Saturday by Secretary Rodgers and George Vasconcellos, president of the Booster club.

WEATHER INDICATIONS AND TEMPERATURES

Illinois—Partly cloudy Sunday; cooler in north portion; Monday fair with warmer in north portion.

Temperatures

The current, maximum and minimum temperatures as recorded Saturday were:

To Let It Go

For a solid year we have been holding the property located at 1310 Lincoln avenue to get what we know it is worth, $3,500.00. We have spent half that much in recent improvements, but we are tired of carrying it, and we will consider any reasonable offer. Go out and look it over and come in and talk to us about it. We can cary a very liberal loan, or take a smaller place in trade. There are two acres of ground, more than 1-2 in pasture; an excellent barn, hen-house and yard, good fences, and an 8 room house in PERFECT condition, with three porches and a nice shady yard.

ALEXANDER

Mrs. C. M. Strawn has been in Meredosia the past few days attending the home coming.

Miss Dorothy Lukeman left Saturday evening for a visit in Chicago.

Mr. and Mrs. Luther Wiley are visiting relatives in Buffalo, Ill.

Among Alexander people in Jacksonville yesterday were Mr. and Mrs. Samuel Wilcox, Mr. and Mrs. W. J. Kumle, Mrs. Noel Wiley and Mrs. Fred B. Six.

Mrs. E. J. Kumle Mr. and Mrs. J. W. Reif and Mr. and Mrs. W. S. Edmonds were visitors Saturday in Springfield. Today Mr. and Mrs. Edmonds will go to St. Louis and will proceed thence to their home in Salt Lake City, Utah.

Mr. and Mrs. J. W. Robertson are entertaining today Mr. and Mrs. J. H. Butler of Jacksonville.

Mr. and Mrs. Edmonds were guests of honor Friday evening at a six o'clock dinner given by Mrs. E. J. Kumle. A three course dinner was served and the evening was spent in pleasant social manner. Besides Mr. and Mrs. Edmonds there were present Mr. and Mrs. J. W. Reif, Miss Katherine H. Kaiser, Mrs. Margaret Colwell and Mrs. Rosa Strawn. Mrs. Reif is a sister of Mr. Edmonds.

It All Depends.

"If Hughes wins an Oregon town will get a new shingle mill employing fifty men," says the Olympia Recorder "according to an announcement of the individual who took an option on timbered land. If Wilson wins the option will be allowed to lapse. That's the way with a thousand and one enterprises, all waiting to see which way the wind blows. The moment it is assured that Charles E. Hughes is elected, just watch the wheels of industry spin and listen to the hum of business."

As the count of the primary election returns has been made in Chicago and Springfield Barrett O'Hara has watched procedings with interest and has charged that an effort is being made to "count him out" and give the nomination for the lieutenant governorship to Henry Huttmann. The public does not know a great deal about Mr. Huttman and would be more interested in the O'Hara charge if they did not realize that all the signs indicate that it will make little difference in November about the identity of the Democratic candidate for the lieutenant governorship. Judged by his record, Mr. O'Hara would not add glory to any administration.

Heating Plant in Bloomington.

Bloomington business men are planning for the erection of a community heating plant. Their plans have been given impetus just now because of a smoke nuisance ordinance passed by the city. The proposed plant would furnish light, heat and power to all the manufacturing concerns which the smoke consumers' ordinance would affect. Such a community plan twould not only do away with the smoke nuisance but would no doubt prove a saving and certainly a convenience for all the firms or business men most interested.

The city bond issue proposed here some months ago would have furnished an equipment which would have been a long step towards central heating plant for Jacksonville, the proposition here being to do as a city what the Bloomington business men propose as a combined private enterprise. Public sentiment did not support the bond issue but the time will certainly come when a central heating plant will be built in Jacksonville, either by the city or by private organization. It's a good business opening for someone to start such a plant.

Clasping Hands.

Governor Dunne of Illinois and Governor Emanual Philipp of Wisconsin will begin a good roads celebration next Tuesday by clasping hands across the state line at a point on Sheridan Road. The purpose of the demonstration is to create interest in securing hard road pavement on Sheridan Road thru Illinois and Wisconsin. The clasping of hands is a fitting way to begin a good roads meeting for that indicates just what is necessary to secure good roads in this or any other state.

Co-operative effort must create the organization and the public sentiment which will make the goods roads movement a success. The slogan of one of the Burlington Way enthusiasts is "Good roads now." He urges people, while remembering future generations, to plan for the present, and the advice is worth heeding. The clasping of hands and the pulling together with a long and a strong pull will win in any proposition, road conditions included.

Private Bank Supervisor Proposed for Cook County

The recent failure of another private bank conducted by foreigners in Chicago has raised a demand in Cook county for state supervision of private banks. If the general assembly were in session and a law could be introduced covering the matter just at this time, its chance for passege would be excellent. The trouble is that some months hence when the assembly is in session, some of the effect of the revelations which have come from this most recent failure will be lost.

Mayor Thompson of Chicago has made the good suggestion that if it is not possible for the legislatue to pass a law providing for the state supervision of all private banks, that a law should be framed and adopted providing for this system at least in Cook county. It is likely that a supervision law applying only to Cook county would not receive some of the opposition that proposed bank supervision laws have encountered in the past.

Tariff Figures.

Congressman M. D. Foster, Democrat, of Illinois, makes the declaration that the Democratic tariff law "assisted in making a new record for United States foreign trade, with a huge balance in our favor." Such a statement is plainly due to either ignorance or mendacity. Not even the authors of the law predicted such results or now claim such accomplishments to its credit. The record made public by this administration expressly disproves such a claim. The balance of trade in our favor during the ten months the Democratic tariff law as in force prior to the war decreased $260,000,000 as compared with the balance for the corresponding period under the Republican tariff law. The fact is that the Democratic tariff hurt rather than aided our foreign trade, and the war revived our trade in spite of the Democratic tariff.

The Benefit of Debt.

A successful Jacksonville business man has long held the theory that debt for an honest and industrious young person is a desirable thing. His own experience was that he did not begin saving until he got in debt and felt the necessity of economy in order to meet certain obligations. Louis F. Swift, president of Swift & Co., one of the great meat packing concerns, holds to this same theory and declares that being in debt is the surest way to succeed. He has urged, according to a writer in the American Magazine, every one of the company's 35,000 employes to get into debt and keep in debt and has organized a system to encourage them in this line and show them how to do it profitably. "Get in debt for something of intrinsic value and stay in debt,' he says, "as soon as you get one thing paid up, buy something else and get in debt again. Stay in debt, never get out."

The advice is worth consideration, coming from a man so well versed in business affairs, but the advice has its qualifications and debt does not bring success unless the one who is carrying the indebtedness has a true sense of the obligation, and furthermore, does not take on debt to such an extent that life becomes a mere treadmill. Debt to a certain limit may be a good thing but beyond that limit grinds out life, enthusiasm and strength and leads to failure rather than to success.

FROM AN ELECTRICIAN'S DIARY.

Southern darkies are allowed to start and stop electrically driven machinery in the cotton mills of Texas.

Four electric busses operated as an experiment on the streets of London, England, covered a total distance eof 65,470 miles within the year without accidents or repairs.

Time signals sent out from the Government radio station at Arlington, Va., as a rule are received less than one hundredth of a second later in every receiving station in the country.

The muscle from a frog's leg is used to receive and record wireless signals for a French inventor.

Street commissioners in Buffalo plan to replace the gas and arc street lamps with Mazda lamps.

Soliciting electric railway business thru house to house canvass and newspaper advertising is the novel method used for the first time, it is said, by a company in Sedalia, Mo.

"Motresses" is what the women "motormen" of Glasgow are called. Fewer accidents have occurred on the electric tramways since the women have learned to run the cars.

Central stations in America are spending more than $2,000,000 a year to educate the public on the convenience and safety of electricity.

"Twenty four hour cleanliness" is the slogan of Trenton, N. J., where the city maintains a large open air swimming pool for its citizens and illuminates it with Mazda lamps for use at night.

More than 1,500,000 electric storage batteries are used in automobiles in the United States.

Nineteen thousand employes of the General Electric Company last month received extra compensation amounting to more than $500,000 as evidence of the appreciation and prosperity of the company.

Food served to patients in a hospital in Salt Lake City is kept warm in passing from the kitchen to the ultimate consumer by an enclosed rubber-tired truck fitted with an electric heater.

More than 1000 old houses were wired for electric lighting during a recent wiring campaign in Harrisburg, Pa.

Textile mills in Nashua, N. H., have installed electric motors having a total of more than 3000 horse power.

A new power plan which will include a dam 100 fet high, will cost $100,000,000 and develop 2,000,000 electrical horse power from Niagara Rapids has been proposed by engineers and the proposal sent to the Canadian Government for approval.

DATES IN ILLINOIS HISTORY.

September 17, 1780—Colonel de la Balme, a Frenchman, appealed to the French settlers at Kankaskaskia to join him in an expedition against Detroit: he represented that Virgnia had sent troops to the West against the wishes of the rest of the colonies, and that if Congress and the King of France knew of their distress the oppression they were suffering would be remedied.

FIRST WARD PARENTS

Bring your children to Lane's Book Store, W. State street, and have their lists filled.

SUCCESSFUL DAY IS THE CLOSE OF MEREDOSIA HOME COMING

Parade is Feature of the Forenoon Program—The Prize Awards—Former Residents Who were Present.

Meredosia, Ill., Sept. 16.—Saturday, the last day of the Meredosia home coming excelled the former days, also those of last year in number. By 10 o'clock the streets were filled with visitors anxiously waiting the parade which was announced for 10 o'clock. Near to the time the line of march was formed near the home of Chester Skinner and marched west one block thence north one block then west through main street then counter marched through main street around the north side park and back to starting point.

It was the declaration of many that few if any small towns could produce anything better.

Following is the program of the afternoon:

Vocal Solo—Mrs. L. H. Wegehoft.
Reading—Miss Bertha Starks.
Duet—Cornet and violin — Mrs. Katie Schroll, Kenneth Looman.
Address—"Tuberculosis Work in the County,"—Miss Mattie E. Coale, Jacksonville.
Vocal Solo—Mrs. Katie Schroll.
Vocal Solo—Reva Hyde.

The Contests.

Reo Contest—$5.00 searchlight by G. M. Steinberg—Ed Pond.

Oldest Man on the grounds—Pair of gloves by committee—Earnest Keel.

Oldest Married Couple on grounds—2 pounds good coffee by Riech's grocery—Mr. and Mrs. Oren Hale.

Oldest Lady on grounds—Mrs. Miriam Plowman.

Prettiest Baby under 1 year old—Zera Price.

Woman coming farthest distance—Electric Iron by C. I. P. S. Co.—Mrs. May Griffin Harrod, of Jacksonville, Florida.

Cracker eating contest—Kenneth Price.

Person living longest in Morgan county—C. W. Hyde, 64 years.

Largest family on ground—Mrs. Kate Ruswinkle and ten children.

Drawing contest—Hat by Stark Millinery—Merle Harshman.

The 1917 Home Coming.

A subscription was circulated and $350 was pledged for the Meredosia home coming, 1917, which speaks well for the success of this year.

The day's program ended with a beautiful balloon ascension and parachute jump by Prof. Hume at 6 o'clock.

Former Residents Attending.

The following former residents were in attendance:

Mrs. Lucy Strahan, Bluffs.
Wallace Holscher, Jacksonville.
Lee Sheppard, Alton.
Mr. and Mrs. Roy Herrin, Waverly.
Mr. and Mrs. Charles Howard and family, Waverly.

You Can Lead a Horse to Water

but you can't make him drink. Lead your horse to some of our feed and you can't stop him from eating. His horse sense tells him that the feed is just what he wants and needs. Your horse sense should induce you to try such superior feed, especially as it doesn't cost any more.

W. McNamara & Co. Bell 61—N. Main St

Brook Mill Ill. 786—S. Main St.

Jim Hill Said—

No man so much embodied the hard and sturdy qualities of America and the practical common sense which makes for individual comfort and national growth as did the late James J. Hill—Empire Builder;

He Said:

"If you want to know whether you are destined to be a success or not, you can easily find out. The *test* is simple and infallible—

Are you able to save money?

If not, drop out. You will lose as sure as fate, for the seed of success is not in you."

A Savings Account at The Farmers State Bank and Trust Company regularly added to will prove Hill's test for you and will earn you a liberal rate of interest.

MATRIMONIAL

Cooley-Daniel

The marriage of Vern Cooley and Miss Maude Estelle Daniel took place Saturday afternoon at 2 o'clock at the court house. Rev. J. E. Curry of Pisgah performed the ceremony. The young people are from Murrayville and will make their home in that city.

Clifton-Abbott

Roy Edward Clifton of Litchfield and Miss Caroline Olive Abbott of this city were united in marriage Saturday afternoon at 3 o'clock by the Rev. Myron L. Pontius at Central Christian church parsonage. The groom is in the employ of the Electro Pure Water company and is highly regarded by his employers. The bride is a young woman highly esteemed by a large circle of friends.

Story's Exchange, Real Estate, Loans and Insurance.

I TOLD YOU SO! Four farms taken off the market last week. You must pay more for black land in the **CORN BELT** if you get it. Reason:—Hogs nearly 12c, corn over 80c, and the corn belt is a comparatively small territory.

MY PET BARGAIN:—Little over 160 acres 3-4 miles from one of our best Morgan county farms.

LISTEN:—Land nearly all level, mostly black soil, improvements common, fence rows and road side badly neglected, looks shabby. Can be cleaned up for $50, and buildings, and fencing and lots shaped up, and a real handsome profit realized. . . You can buy it the way it looks for $150. Fine for home or speculation. You can buy it on easy terms —but you must hurry.

NO. 202:—A farm of 175 acres, 4 miles from Franklin; timber edge land, fine farming fields, welltiled, good blue grass pasture land with some timber, buildings on public road and in middle of farm. Fine house, barn, and all outbuildings necessary. A beautiful ready made home. Priced for immediate sale at the bargain price of $137.50.

CITY PROPERTY

Have homes in every ward at price ranging from $1,000 to $8,000 and over. Some desirable homes that look remarkably cheap. Let us show you.

EXCHANGE

Have two nice modern homes to exchange for an 80 acre farm.
Have a nice 8 room house to exchange for small farm.
Have nice cottage to trade for larger house.

FOOT BALL PRACTICE TO BEGIN AMONG 'BIG NINE"

Next Wednesday Fixed as Opening Date—Some Scheduled Contests.

Chicago, Sept. 16.—Formal opening of fall football practice among the Big Nine Conference teams takes place next Wednesday, Sept. 20, but already preliminary work has been begun thru out this section of the country whereever coaches have been able to get enough men together. Rudimentary drill is on the program for the first week at most institutions in the Central states, and a few of the more prominent elevens will have early opening games. Among contests scheduled for Sept. 30, are:

Bloomington: Depauw vs Indiana.

Notre Dame: Case vs. Notre Dame.

East Lansing: Olivet vs Michigan Aggies.

Manhattan: Baker vs Kansas Aggies.

Fayetteville: Arkansas Normal vs Arkansas.

The season in the Central states will be remarkable for the tendency of the leading elevens to break away for games against teams outside of their usual list of rivals. Indiana takes on two games of inter-sectional interest, playing Tufts at Indianapolis, Oct. 21 and Florida at Bloomington, Nov. 18. Wisconsin meets South Dakota, Oct. 14 and the Haskell Indians Oct. 21 and Notre Dame takes on Case and Western Reserve for early season games in addition to contests with South Dakota, West Point, Michigan Aggies and Nebraska. Northwestern plays Drake this year and Michigan takes on Washington University of St. Louis, while Illinois meets Kansas in its opening game and Colgate, in its second.

Advance notices on Conference football squads indicate a tendency to bear stories from Wisconsin and Illinois with a strong undertone of hopefullness at the University of Chicago. Loss of a half dozen stars is a severe one to the Illini and with Macomber practically the only one left, Coach Zuppke apparently will have a hard job to build up a team like those to which Urbana rooters have been accustomed in the last few years.

A set of fleet backs, most of them with at least a year's experience, and a line heavier than last season's are compensations to Coach Stagg for the loss by graduation of Russell and Flood. At Madison, with a rather raw team the rooters are none too sanguine for a good showing this year, tho hopeful of good results from the Harvard style of coaching, to be drilled into the Badgers by Paul Withington.

Pre-season information from Minnesota say prospects for a first class team are better than they have been for years. Basing their arguments on the fact that the Gophers tied the Illinois for leading honors in the Big Nine last year, fans in the North believe their favorites are due to clear a title to the cnampionship this fall.

There is a chance that Ohio State with a squad of veterans will prove a dark horse, especially when one recalls the surprise the Buckeye sprang on Illinois last year. Indiana also is expected to have a better team than usually represents the Bloomington school and reports from Purdue and Northwestern are more optimistic than usual. Iowa's chances are considered only fair.

Michigan's strength is problematical. Capt. Maulbetsch, all-American half of two years ago, will be back, but is said to be somewhat below the form, which, in 1914, opened eastern eyes at Harvard. A large staff of assistants will strive with Coach Yost to develop a fair team from material short of his expectations.

Notre Dame has lost some of the best men that ever carried its gold and blue in the face of one of the most difficult schedules ever undertaken by any eleven—east or west. The team will maintain its reputation as a champion among Nomads, with games at West Point, N. Y., Lincoln, Neb., and Vermillion, South Dakota, on its schedule.

The Michigan Aggies, for whose fame the football knowledge of John Macklin was largely responsible, will start the season under a new master—Frank Sommer, once a Quaker. The Aggies' brilliant stars, DePrato and the Miller brothers, will be missing this year.

THE COAL SITUATION.

Coal prices are higher now than last year. Mine operators are weeks behind with their orders and declare their prices will advance not later than October 1. That means the possibility of still higher prices in Jacksonville. There is nothing to gain by waiting. It is wise to get your coal order placed.

WALTON & COMPANY.
Highest grades Springfield and Carteville coal.
Satisfactory service guaranteed.

ERROR IN NAMES

In a recent item which appeared in the Journal the statement was made that R. W. Megginson had taken a party of friends to North Dakota in his Pullman car. The initials were incorrect and it is Richard D. Megginson who has gone to North Dakota.

CATHOLIC SCHOOL BOOKS

We handle a complete line of Catholic school books and supplies.

VISITORS FROM VIRGINIA.

Among visitors in the city yesterday from Virginia were Miss Nelle Irving, Mrs. Joseph Cosner, Miss Ruth Cosner, Mrs. John Bailey and son, Ewell Bailey.

COLLEGE OF MUSIC NOTES

With return of the different members of the College of Music faculty come the accounts of the various musical events and summer pleasures in which they variously partook. Mr. Carl F. L. Jessen, who is a pianist added to the faculty this year, spent the summer at Wequetonsing, Michigan, where he coached with Allen Spencer, the distinguished pianist and pedagogue. The date for Mr. Jessen's debut recital in Jacksonville, has been set for Thursday evening, September twenty eighth. He has prepared an interesting program containing, in addition to many of the favorite recital number of pianists, a number of novelties. His recital will unquestionably be one of the musical events of the season.

Miss Rena Lazelle of the voive faculty returned from the east yesterday. While in the east Miss Lazelle was soloist at the concerts of the Marlborough Blenheim Hotel at Atlantic City, at a recital in New London, Conn., and at a recital in Quaker Hill, Conn. In addition to this Miss Lazelle spent some time coaching with Ross David, the distinguished New York voice teacher and exponent of the de Reszke method of singing, at his summer home at Oswegatchie, Conn. Among others in his class this summer, which included most of his professional pupils, was Margaret Wilson the daughter of the president, who is rapidly winning a splendid reputation in the east as a concert singer. Miss Lazelle has been a pupil of Mr. David's for a number of years during her residence in New York. She will resume her work as soprano soloist at Grace M. E. church this morning.

Miss Lulu D. Hay spent the summer at her cottage at Bay View, Michigan, preparing for her winter of teaching at the College of Music.

Mrs. L. D. Kolp spent the summer in Jacksonville, where she taught a large class in piano and harmony, many of whom plan to continue their work with her during the winter.

Mrs. Matilda Colean spent the summer in Jacksonville and Jerseyville preparing for her year's leave of absence which she expects to spend in study in New York City.

Miss Edith Robinson spent the most of the summer in Chicago, renewing the pleasant acquaintances made when she was a resident and teacher in that city. Miss Robinson was well known as a successful teacher and accompanist there, and brings to her work in Jacksonville wide experience and great enthusiasm.

Mrs. Florence Pierron Hartmann of the voice faculty spent the summer at her home in Fond du Lac where she was busy all summer singing in church and concert and teaching a large class.

Miss Myrtle Sheppard spent the summer in Jacksonville teaching her large class most of whom plan to continue their work with her during the winter at the College of Music.

Mrs. Roselind M. Day, teacher of violin at the College of Music, visited her home at Lebanon, Mo., for most of the summer taking a much needed rest before beginning her busy winter. Mrs. Day's work in violin at the College of Music has been a feature of the work there and it is with great satisfaction that the continuation of her services is announced.

C. C. Jeffries varied the routine of teaching with several weeks of successful Chautauqua tour with his concert band.

Miss Ailsie E. Geodrick was busy all summer teaching a number of the best known institutes of Public School Music in the country. Her work in this line is known thruouot the central west.

Mr. Stearns and his family spent the summer in Minneapolis where he prepared a number of programs for this wintr's concerts and renewed many of his musical acquaintanceships in that city.

GILBERT'S CORN REMEDY.

A sure cure for corns. Sold exclusively at Gilbert's Pharmacy.

ALL CANADA MAY BECOME DRY TERRITORY

Prohibition Law Went Into Effect Saturday in Great Province of Ontario—Purpose is to End Retail Liquor Business.

Ottawa, Ont., Sept. 16—A forty years' battle on the part of the anti-liquor forces to make Ontario "dry" was crowned with victory today, when every licensed bar in the Province was closed by operation of the prohibition statute enacted by the legislature last Spring. The winning of Ontario is regarded as the most important victory that the prohibitionists have yet scored in Canada, since the Province is the largest in population and the most important from an industrial standpoint of any in the Dominion.

The chief aim of the new law is to wipe out the retail liquor business. The law does not prohibit the manufacture of intoxicants, so long as the brewers and distillers do not sell their product in Ontario. The wholesale liquor business will be permitted to continue under strict regulations. The sale of liquor for medicinal, scientific and sacramental purposes will be permitted, also under strict regulations. Druggists are to be permitted to sell liquor only on physicians' prescriptions and then only in quantities not to exceed six ounces.

The chief sufferers from the enforcement of the prohibition law will be the hotels, which in Canada have depended to a much greater extent upon the revenues derived from their bars than have the hotels in the United States. The capital invested in hotels in Ontario is estimated to be between fifty and one hundred million dollars. With the closing of their bars it is believed that many of the hotels will be forced to quit business.

With the winning of Ontario the prohibitionists see in prospect an all-dry Canada—the first of the great nations of the world to put its foot down on the liquor traffic. Prince Edward Island led the way by abolishing the sale of liquor by retail more than fifteen years ago. In June of last year Saskatchewan followed suit by closing up all the retail bars with the exception of twenty government operated liquor shops.

Manitoba, Nova Scotia and Alberta came under the prohibition banner this year. In New Brunswick the sale of liquor by retail will cease next April, in British Columbia next June and in the Yukon territory next July, provided the prohibitionists win in the voting that is about to take place. Newfoundland also will finish up her licensed liquor selling at the end of this year. This will leave Quebec as the only Province in which prohibiting legislation has not yet been passed.

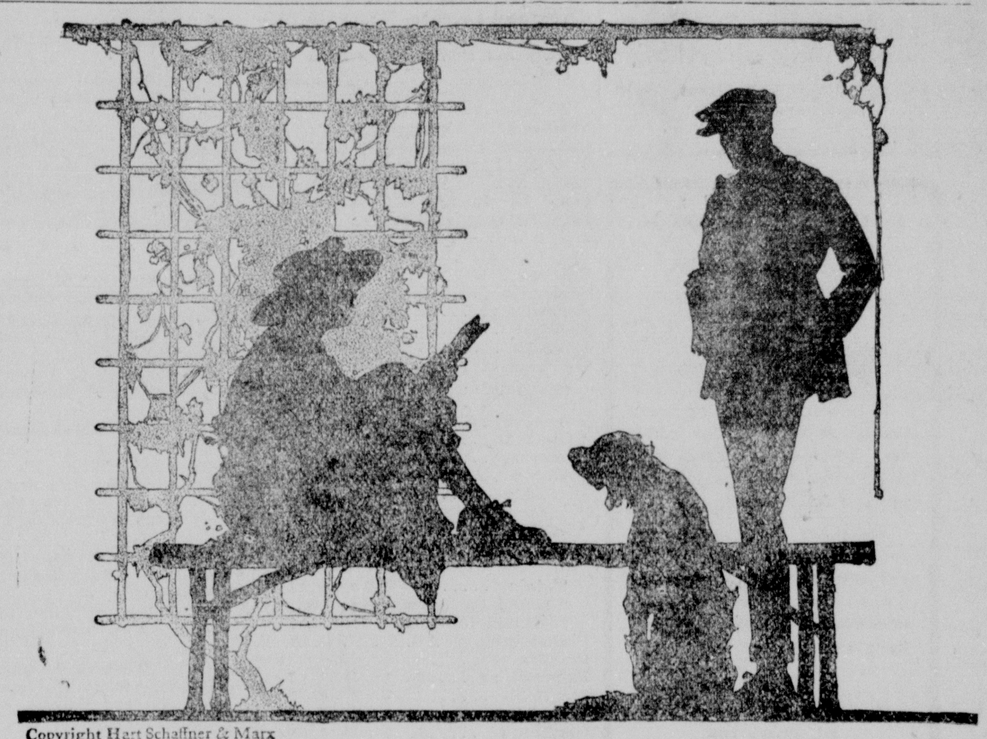

Young women should arrange now for instruction at the Woman's College. A faculty of 39 trained teachers make possible the best instruction.

LAZENBY LAND SOLD

Master in Chancery John M. Butler sold Saturday afternoon at the court house the land belonging to the estate of the late Charles Lazenby. The sale was the result of a circuit court decree in the partition suit of Mary E. Lazenby et al. vs. Ida May Lazenby et al., partition. The 151 acres near Lynnville which constituted the home place sold for $16,610, the purchaser being W. E. Rawlings. Michael Quinn was the purchaser of a tract of 20 acres of timber land located in Scott county, the price realized being $2,020. The land sold is of good quality and the prices are considered low.

COURT DECIDES IN FAVOR OF FERNANDES

The case of Simeon Fernandes against Joseph DeGoveia and W. B. Miser which was taken under advisement by Justice Dyer Friday was decided by the court Saturday in favor of Mr. Fernandes. Mr. Fernendes sued on breach of contract for $200. The court fixed the amount at $149.60. It is said that an appeal will be taken to the circuit court.

EHMKE PITCHES TIGERS INTO AMERICAN LEAD

DEFEAT PHILADELPHIA BY SCORE OF 4 TO 3

Recruit Not Only Pitches a Splendid Game but his Infield Single in Sixth Scores Crawford With the Winning Run.

Detroit, Sept. 16—Howard Ehmke, a lanky recruit from Syracuse, pitched Detroit into first place today by defeating Philadelphia 4 to 3. Ehmke not only pitched a splendid game but his infield single in the sixth scored Crawford with the run which won the contest.

NOTICE TO CONTRACTORS.

Sealed bids will be received for the construction of the improvement o the roadway on Prairie street, from the south line of West Lafayette avenue to a point 18 feet north of the south line of Edgmon street, by the Board of Local Improvements, of the City of Jacksonville, Illinois, until Tuesday, Sept. 26th, 1916, at the hour of 11 o'clock a. m. at its office in the City Hall in said city of Jacksonville, Illinois, at which time and place said bids will be publicly opened.

It is estimated there will be required in said improvement 12,500 sq. yds. of tarvia macadam, 3 inches in thickness, with a 5 inch concrete base; 4,000 cu. yds. of excavating and 7,000 linear feet of combined curb and gutter.

Said improvement shall be constructed and made in accordance with the ordinance providing for the same and the maps, plats, plans, profiles and specifications for the same on file in the office of the City Clerk of said city.

Proposals must be made on blanks furnished by said Board and in compliance with the instructions thereto, attached, which can be had on application to the city engineer, and must be accompanied by cash or by check payable to the order of the President of said Board of Local Improvements in his official capacity, certified by a responsible bank, for an amount not less than 10 per cent of the total amount of the bid.

The contractor shall be paid in cash and bonds, the bonds to bear interest at the rate of 5 per cent per annum.

No bid will be received unless the party offering it shall furnish evidence satisfactory to said Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract, and execute the work should the contract be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications, and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

The Board of Local Improvements reserves the right to reject any and all bids, as authorized by law.

Dated at Jacksonville, Illinois, this 16th day of Sept., 1916.

Henry J. Rodgers, President
W. F. Widmayer, Secretary.
J. Edgar Martin,
Joshua Vasconcellos,
Jerry Cox,
Board of Local Improvements of Jacksonville, Illinois.

NEW BOOKS AT THE PUBLIC LIBRARY

For Reference.

Technical books for reference are to be found at the public library and to the number on the shelves, volumes are being constantly added for the business man and man of practical affairs.

Hendricks— Commercial Register. For buyers and sellers, especially devoted to the architectural, mechanical, engineering, contracting, electrical, railroad, iron, steel, mining, mill, quarrying and kindred industries. Contains names, addresses, and business classifications, lists of manufacturers and dealers.

Wood—Locomotive Operation and Train Control. Presents recent developments in locomotive performance and includes a study of air brakes and a chapter on locomotive testing. Well illustrated and provided with manp practical questions nad exampies.

Social Relations.

Espey—Leaders of Girls. In a simple manner the author presents the characteristics of girls mingling the facts of psychology with the wisdom gained from her own wide experience.

U. S.—Supreme Court. Case for the Shorter Work Day. Franklin O. Bunting, Plaintiff in Error vs State of Oregon, Defendant in Error in October, 1915. 2 vols.

Miscellaneous.

Crotch—Pageant of Dickens.

"God bless us every one!" prayed
Tiny Tim,
"Crippled and dwarfed of body, yet
so tall
Of soul, we tiptoe earth to look on
him,
High towering over all."—James
Whitcomb Riley.

Izzard—Heroines of the Modern Stage. Contains biographies of Sarah Bernhardt, Ada Rehan, Helena Modjeska, Mary Anderson, Ellen Terry, Mrs. Fiske, Gabrielle Rejane, Julia Marlowe, Eleonora Duse and Maude Adams with brief notes on some other American actresses of today.

Martin—Modern Chemistry and its Wonders. Very readable, popular chapters on explosives, radium, periodic law, electricity, the hydrocarbons, sugar, alcohol, coal-tar, artificial stones, etc. Designed "to interest the cultured general reader in some of the really wonderful achievements of scientific chemistry" and the emphasis is placed on the romance element in chemical progress and technicalities are avoided so far as possible.

Rent Fiction.

Bosher—People Like That.

Fisher—Real Motive.

Goncharov—Oblomov. "Goncharov has created a type which has become immortal. Oblomov has passed into the Russian tongue just as Tartuffe has passed into the French language, or Pecksniff into the English tongue. Maurice Baring.

A Nature Book for Children.

Sharp—Beyond the Pasture Bars. Dallas Lore Sharp always writes beautifully of the out-of-doors and this little volume dedicated "To my big brother, Joe, who used to let me go with him into the woods" is very charming. In chapter seven he says "Were you to ask me 'Which day in all the year is the best for a trip in the woods' I could only answer, 'Any day, every day, summer or winter, the day you long to go.' Then he goes on to tell of the wonderful things he brought home from the woods, 'Many a nappy observation, many a rare flower, many a partridge and fat 'possum, many a rabbit and muskrat; but the best things I never carried home in my hands but in my heart. At the end of this chapter on the winter woods, he says, "I was only a school boy. But I was more than a school boy too. No boy is only a school boy. Every boy is part poet. And any boy creeping like a shadow over the carpet of the dark winter woods could have heard—
The wild winds softly close the door;
A shadow steals across the floor;
And sweetly o'er the cradles pour
The balm of sleep."

REGISTRATION AT ILLINOIS COLLEGE

Registration in all departments of Illinois College including the College, Whipple Academy and the Conservatory of Music will occur on Monday and Tuesday, September 18th and 19th. On account of large registration, all local students are urgently requested to register on the first day.

ELGIN HAS 175 CASES OF TYPHOID

Elgin, Ill., Sept. 15.—Presence in Elgin of 175 cases of typhoid fever was revealed tonight together with the announcement that eleven deaths from the disease have occurred since June, when the epidemic began. Discovery of the epidemic was announced by Dr. A. L. Mann, who is in charge of the city laboratory. The city superintendent, of health, A. J. Volstorff, to whom reports of cases were made is a harness maker.

APPEALS TO FEDERAL COMMISSION

New York, Sept. 15.—An appeal to the federal trade commission at Washington for relief from high flour and bread prices was made tonight by Commissioner Hatigan of the mayor's bureau of weights and measures. The commissioner in a letter said it was generally understood wheat price fixers in Chicago were mainly responsible for the situation.

Wesley Holmes of Ashland was a Saturday trader in the city.

SOME FARM TOPICS

New York State to Be Milkman

John J. Dillon, state commissioner of foods and markets, has returned to that city with contracts, authorizing him to market their product, signed by farmers and dairymen owning 190,000 of the 250,000 cows that furnish New York its daily supply of milk.

The plan of the commissioner is to have the state market the milk consumed here, and he intends, he says, to do it in such a way that the markets will get a higher price. At the same time the city consumer, tho he may pay no less this winter than usual for bottled milk, eventually will be supplied at 8 cents a quart.

The state department of foods and markets for several months has been marketing in New York City quantities of foodstuff from upstate farmers, and the commissioner says there is no reason why the same thing should not be does with milk.

"The owners of 190,000 cows whom I represent," said Mr. Dillon, "have authorized me to give due notice now that they will not sign up the winter contracts with big distributers, except at an increased price. Our plan for this winter is to market our farmers' milk, as usual, thru these big distributers, provided they agree to pay a higher price.

"If the distributers balk, I am ready to advertise for companies or capital that will buy our milk and distribute it. The price our farmers are asking is an advance on present rates, but it does not yet quite cover cost. Figures give a day labor basis.

"Our second step will be to have all the milk pasteurized, co-operatively, in the country, instead of the city. This will reduce the cost of production. Also, we plan to get the big distributers to reorganize their wagon service, so that the different companies will not overlap one another in the various districts. We want also to stop the existing wasteful system under which the companies make several deliveries a day. With but one delivery the cost of bottled milk will not exceed 8 cents a quart.

"We expect to increase the revenue of the farmer 1 cent a quart without adding to the cost to the consumer."

Commissioner Dillon said that the United States government is experimenting in its laboratories with a fiber bottle to take the place of glass. A fiber bottle will also reduce the cost of distributing milk.

Butcher Stuff Prices Low

John M. Moss, who is one of the successful farmers and stockmen of Morgan county, will ship a carload of hogs to St. Louis tomorrow. Practically all of these hogs Mr. Moss has purchased from people in the Joy Prairie neighborhood and most of them weigh about 200 to 224 pounds. The market continues good for hogs and shippers are able to pay $10 to $10.50 for animals of the right kind. Records for a period of years show that the hog market prices usually slump to some extent in the month of October and continue to go down at least until the early winter months.

Mr. Moss has in times past been quite a large shipper of butcher stock but he has not been buying much in recent months because of the rather unsatisfactory market conditions. He said Saturday that it takes a good cow to bring 6c a lb. on the market and a great many heifers are selling at 5 1-2 or even 5c. The prices indicate that it is a good time to buy, but, as Mr. Moss said yesterday, the market is an uncertain quantity and a long hard winter with high priced feed might not make the transaction profitable.

Sold Wheat at Fine Price

L. H. Maul of the north part of the county recently finished threshing. He had only a small acreage of wheat but was well pleased with the price secured. He threshed 262 bushels from 18 acres, which was an average of about 15 bushels, and sold the grain to the elevator at Little Indian at $1.52 per bu. He also had on hand some wheat from last year and it was not of as good quality as this year's crop and brought $1.40. Mr. Maul also threshed 273 bushels of oats from a 6 acre field and has kept this crop. He is planting 25 acres in wheat for this year.

STATE NEWS NOTES

To Close Pier For Winter—Chicago's big municipal pier is to be closed this winter, as far as its recreational facilities are concerned. The auditorium could be heated only at a tremendous cost, according to the Commissioner of Public Works, and the rentals from possible concessionaires would not balance this expense.

"Anyway," added the commissioner, "who wants to go out to the end of a three thousand foot pier in the winter time?"

Leprosy Case Improves—The surprising improvement in the condition of Miguel Vasquez, the state's only leprosy patient, who is now in quarantine in the lepersorium at the Watertown state hospital, Rock Island, Ill., is being watched with interest by Dr. George A. Zeller, alienist of the state board of administration and other physicians.

Vasquez has been treated with a medicine called chaulmoogra oil obtained from India. Within the last few weeks he has shown marked improvement, although leprosy is universally believer incurable and universally believed incurable and ment is considered remarkable.

The patient has been in the advanced stages, the disease having progressed to such an extent as to disfigure him with growths on the forehead which resembled horns. These and other body sores were about to form ulcers, when the oil was applied. They have now practically disappeared.

Vasquez has been a ward of the state since last March. He was found in a Mexican section camp on the Rock Island railroad. His wife lives with him in the isolated quarantine house. They assist in their maintenance by raising a few garden and farm products.

Barlers' Oil heaters are the very best heaters made. All sizes at Brady Bros.

Miss Rose McCabe and Mrs. C. W. Campbell of Rochester, N. Y., spent Saturday with the family of John McCabe in Manchester.

LITERBERRY

Rev. F. M. Crabtree filled his regular appointment at the Baptist chruch Sunday morning, preaching from the text, "The Twelve;" giving their different characters and examples.

In the evening his text was "Is a man better than a sheep?" Every word of this sermon was full of meaning and energy, a sermon to be taken into the lives and hearts of the hearers, and acted upon; the true value of a soul was shown, placing our boys and girls above a sheep or a hog. We wish all the people in the community could have been present to hear the good advice given. There were two accessions to the church, Mr. and Mrs. J. r. Clubbs of west of town.

Little Bernita Hutches of Jacksonville came out on the 8 o'clock train Wednesday morning, to visit her grandparents, Mr. and Mrs. Perry Henderson at Shady Oaks. This was Miss Bernita's first trip alone on the train, and she made it all right and got off at the right place.

D. K. McCarty and S. H. Crum drove the reliable Hudson to the John Ray farm last Monday.

Mrs. Wm. Decker of "Myrtle Corner" is recovering from her recent illness.

Mr. and Mrs. O. M. Petefish drove their International car to Bloomington last Monday and spent a few days with Mr. and Mrs. Arron Petefish, returning by the way of Springfield and stopping off for a visit at the home of Abe Petefish.

Howard Liter and family and H. D. Crum spent Sunday at the home of Mr. and Mrs. Walter Beddingfield in Joy Prairie neighborhood.

Mrs. Warren Daniels and daughter Freida visited Mrs. Daniels' parents, Mr. and Mrs. James Lowden, last week at Cedar Ridge.

J. A. Liter attended the mercantile business association at Peoria on Wednesday and Thursday.

Miss Louie Ray of Bonnie Doone Cottage is visiting in Jacksonville and little Harold Lee Daniels is lonely without her.

Mr. and Mrs. A. H. Coffman attended Baptist Sunday school here on Sunday morning and spent the day with friends.

Mr. Jesse Liter of Blue Grass Corner, left a fine sample of large white grapes at our office last Friday.

The Ladies' Aid of the Baptist church met with Mrs. John Hunter recently. The president, Mrs. M. O. Petefish was absent and the meeting was led by Mrs. Ed. Liter.

After devotional exercises, the business of the society was disposed of. A vote was taken on the annual chicken fry, and the fry was voted off. There will be no September chicken fry at the Baptist church this year. A goodly number were present at this meeting and all enjoyed the kind hospitality of Mrs. Hunter. The refreshments were of an extra quality, and the hostess did not forget the sick of Sunshine Cottage, but sent us some delicious cake. Next meeting will be at South View Farm, at th epleasant home of Mrs. G. A. Lind.

The Literberry M. E. society met recently at the home of Mr. and Mrs. David Henderson with Mrs. Henderson, hostess. Thirty members were present. Our worthy president Mrs. J. M. Liter of Shady Lawn, conducted the meeting.

A new treasurer was elected in place of Mrs. J. C. McFillen, who re-Farm, at the pleasant home of Mrs. Levi Deatherage received the greatest numer of votes and was declared lawfully and legally, our treasurer. The Passavant pledge was talked, and it was decided to pay two payments in March, 1917.

There were two prizes given in the contest. The first was a very tasty fruit picture, framed and ready for use, this was won by Mrs. Walter Houston of Cloverdale Farm. The second prize was won by Mrs. Levi Deatherage of Arcadia. . .

Reading, Home Making, by Mrs. O. G. Dinwiddie of Rose Cottage.

Reading, Fellowship, by Mrs. D. K. McCarty.

There were two courses of refreshments; first we were served, meat, vegetable salad, pickles, olives and cucumbers, bread butter and iced tea. Second, fruit salad, angel food cake, great big slices, and burnt sugar cake in good sized blocks, candy and coffee. Mrs. Henderson had the assistance of some pretty girls, the Misses Ellen and Ruth Deatherage and Lillie Lind. Mrs. Wayne Dinwiddie also helped to serve and knows how.

This was a very enjoyable affair and much praise is given Mrs. Henderson as an entertainer.

Three dollars was the offering. The next meeting will be with Mrs. A. E. Obermeyer.

ILLINOIS COLLEGE NOTES

All friends of the College are cordially invited to the first chapel exercises which will be held on Wednesday morning at 9 o'clock. Special music under the direction of Mrs. Wilson will be given.

The College Y. M. C. A. and Y. W. C. A. have appointed committees to meet the new students at the incoming trains. Both organizations are making active plans for the work of the year.

All local students are earnestly requested to register on Monday, the first day of the registration.

A new cabinet for the increasing collection of stereopticon slides has recently been delivered to the College. The large collection of valuable slides loaned to the College by Mr. S. W. Nichols will be placed in this cabinet.

Harry J. Dunbaugh, '99, was at the military training camp at Plattsburg, N. Y., during the summer. Mr. Dunbaugh is very enthusiastic in his praise of the camp and its work.

The advance guard of new and old students has arrived and already several of the rooms in the "dorm" are occupied and many groups of students may be seen strolling about the campus.

The College Club will open probably on Monday at noon. It probably will not be possible this year to accommodate all who may wish to board at the Club.

It is an interesting fact that all six of the local candidates for the office of State's Attorney were former students of Illinois College. Among other Illinois College men nominated at the recent primary are Andrew Russel, for State Auditor and U. W. Wright for State's Attorney in Greene County.

MANCHESTER

J. M. Heaton and Wm. Mehrhoff returned Friday afternoon from a trip of two weeks in Colorado.

Mrs. J. E. Wyatt of White Hall spent a couple of days this week with her sister, Mrs. Cennick Andras.

Mrs. Ada Funk of Chapin is visiting her daughter, Mrs. Lloyd Ross.

Mrs. E. E. Million and daughter Sarah Willard left Saturday for their home in Muskogee, Okla., after a two months visit with her parents, Mr. and Mrs. J. C. Andras.

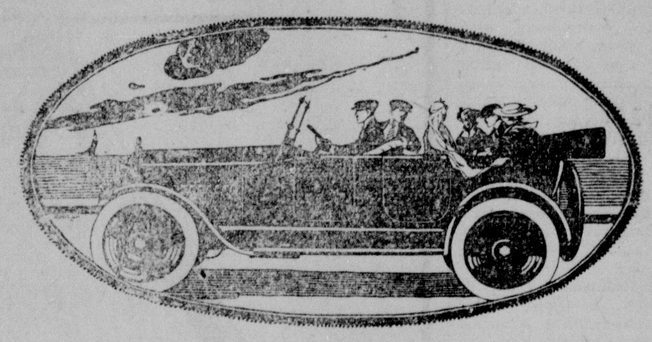

Henry Bell and John C. Robinson went to East St. Louis and spent two days in the stock yards. They accompanied a load of hogs to market.

Mrs. J. S. Weis went to Jacksonville Saturday enroute to her home in Mattoon. Stanley is to meet her in Jacksonville and drive thru in their car.

Miss Dorothy Murray is on the sick list.

Improvements and remodeling on the Ernest Murray residence south of town will soon be completed and ready for occupancy.

PAIGE
The Standard of Value and Quality

Pride of Ownership

Wherever you may find them, Paige owners are always enthusiastic—always contented—always completely satisfied.

For these people, the automobile problem has been permanently solved. They regard their car with a warm affection which is not usually accorded to things outside the human family.

Because the Paige is *worthy* of trust and respect, it is trusted and respected in every section of the nation—North, South, East and West.

And, please remember, it is just this great mass of public opinion—this ever increasing owner enthusiasm and good will—that has built an impregnable bulwark of Reputation and Prestige around the name Paige.

STATISTICS SHOW HOW SOUTHERN STATES ARE FAMED IN CONGRESS

Men From South Given the Most Important Committee Appointments—Figures Will Interest Old Soldiers.

Washington, D. C., Sept 16—"The irony of fate was never so apparent as in the workings of the Democratic party. Had any one been found so bold as to have ventured a prophecy that the time would come when the Union soldier would see the entire government which he saved, under full control of the States which attempted to destroy it, he would have been regarded a candidate for the asylum," declared Representative Simeon D. Fess, of Ohio, chairman of the Publicity Committee of the National Republican Congressional Committee in a statement here today.

"That time is now reached. The South rides at the head of the procession. The President and his family are southern in birth and sympathies.

"His Cabinet is also Southern, the five controlling heads are from States that have less than 1-5 of the population and bear less than one-half of the taxation.

"The Senate in leaderships and working committees is southern. The House from Speaker to Doorkeeper is Southern. Seventeen out of eighteen great committees are headed by Southern men, as follows:

"Ways and Means. Kitchin, North Carolina.

"Appropriations, Fitzgerald, New York.

"Banking and Currency, Glass, Virginia.

"Judiciary, Webb, North Carolina.

"Interstate and Foreign Commerce, Adamson, Georgia.

"Rivers and Harbors, Sparkman, Florida.

"Merchant Marine, Alexander, of Missouri.

"Agriculture, Lever, South Carolina.

"Foreign Affairs, Flood, Virginia.

"Military Affairs, Hay, Virginia.

"Naval Affairs, Padgett, Tennessee.

"Post Offices, Moon, Tennessee.

"Indians, Stephens, Texas.

"Insular Affairs, Jones, Virginia.

"Railways and Canals, Dies, Texas.

"Public Buildings, Clark, Florida.

"Roads, Shackelford, Missouri.

"Rules, Henry, Texas.

Big Per Cent for South

"Here are 18 committees whose heads represent 9 States—1 Northern and 8 Southern. Of these the Ways and Means, Judiciary, Banking and Currency, Interstate and Foreign Commerce, Foreign Affairs, Merchant Marine, Insular Affairs, and Rules all have to do with governmental attitude on questions of policy; in a word, their function is policy determining. The heads of these come from Southern States—North Carolina, Virginia, Georgia, Missouri and Texas. These States determine the government's attitude in policy.

"On the other hand, the Appropriations, Military Affairs, Naval Affairs, Post Office, Public Buildings, Agriculture, and Rivers and Harbors have to do with not only policy but appropriations of public money; very largely the latter function. All of these except the first is controlled by the South. The other large committees are more generally administrative.

"It will thus be noticed that what the country's policy will be, as outlined by the Sixty-fourth Congress will depend upon the influence of the Chairmen, not a single one of whom comes from a State north of the Ohio River line. The Committee on Appropriaions is not a policy determining committee. If it be our naval policy, the chairman is from Tennessee. If it be our military policy our chairman is from Virginia. If it be our foreign policy, our chairman is from Virginia. If it be our insular policy touching the Phillipines, our shairman is from Virginia. If it be our interstate or foreign commerce, he is from Georgia. If it be our immigration policy, he is from Alabama. If it be our merchant marine, he is from Missouri. If it be on railways and canals, he is from Texas.

"An analysis of the situation of the "South in the saddle," is interesting. The eight Southern States here enumerated which have charge of these important matters contain:

"First. In population, both white and colored, less than 20,000,000, according to the census of 1910, which is about one-fifth of the country's people.

"Second. In wealth they have less than $25,000,000,000, or about one-seventh of the country's wealth.

"Third. In representation in the House 97 members.

"It will be noticed that the State of Virginia controls four committees of the most significant possibilities. This State,with a population in 1910 of 2,062,000 and wealth in 1912 of $2,890,000,000 with 10 Representatives upon the floor of the House, has four times the importance in this Congress, if chairmanships have any meaning, than all the New England States, the Middle Atlantic States, the East and West States, the North Central States, and the Mountain and Pacific States combined, with a population in 1910 of 60,000,000 and wealth in 1912 amounting to nearly $148,000,000,000. This State, with 10 Representatives by virtue of the organization of the Sixty-fourth Congress, exerts more influence—four times over, if chairmanships of committees have any significance—than all of New England, with 32 Representatives; New York, New Jersey, and Pennsylvania, with 90 Representatives; Indiana, Illinois, Mihigan, and Wisconsin, with 86 Representatives; Minnesota, Iowa, North Dakota, South Dakota, Nebraska and Kansts, with 41 Representatives; and all of the States west of the Rocky Mountains; making a total of 31 States with 282 Representatives.

"These same States will cast in 1916 in the Electoral College 344 votes or 75 votes more than are necessary to elect a President. It will now be noted how these important Committees are assigned: To Virginia, 4; to Texas, 3; to Tennessee,3; North Carolina, 2; Missouri, 2; Florida, 2; Georgia, 1; South Carolina, 1. These 18 committees, including the Rules Committee, except 1, go to 8 Southern States. Of the remaining 39 less important committees, the chairman of 23 go to Southern States. This leaves 16 Committees, not including the Appropriations, for the rest of the country.

Comparative Revenue Figures

"The revenues of the eight Southern States that control 17 committees amounted in the fiscal year of 1913, according to the Government reports, to $33,000,000. That is a trifle over one-half the receipts in the single state of New York in the same year, that amount reaching $101,000,000. The receipts of Virginia, which controls four of the greatest committees, are $9,330,000, while States which show receipts to the amount of $315,000,000, or thirty-five times as much, have control of no important committee. When the last Treasury report is examined with reference to the taxation for the support of the General Government, some striking facts are disclosed. The corporation and personal income taxes produced slightly over $80,000,000 revenue. Of this amount $41,000,000 was personal income and $39,000,000 from corporations. Of personal and corporation income the eight States last enumerated, controlling 18 committees, paid $4,222,444, while New York alone paid $27,683,743, or nearly seven times as much. The states of Massachusetts, Pennsylvania, Ohio, New Jersey, and Illinois paid $23,585,447. The eight States that control these committees cast for President in 1912, 1,858,169 votes, or 400,000 votes less than were cast in the two states of Ohio and Pennsylvania and only 270,000 more than were cast the same year in the State of New York.

"Sectional in policy the Underwood bill removed duties from twenty products of the north, corn, oats, wheat, wool, meats, dairy products, hay, potatoes, and etc.

"Left duties on southern products rice, cotton, tobacco, and angora goat hair.

"Imports increase, revenues decrease.

"Import duty collected last Republican year three hundred and twenty million.

"Import duty collected 1915 Democratic year one hundred and ninety eight million.

"Loss one hundred and twenty eight millions.

"Money spent last Republican year 1000 millions.

Money spent first Democratic year 1120 millions.

"One hundred and twenty millions spent, one hundred and twenty eight millions less collected.

Last year four Southern States paid one million.

"Last year Northern States paid forty-two million. Under present estimate, next year, all Southern States will pay 10 million, and all Northern States will pay 200 million.

Special Legislation

Nitrate plant, Muscle Shoals, 20 millions.

Rivers and Harbors, mostly South 43 millions.

Flood control, California, 5 1-2 million. North, 3 million. South, 42 million.

Rural credits, especially for the South, unlimited amount. 24,000 new offices, mostly Southern Democrats, forty six million.

"Here's some facts in Public Buildings Bill also reported July 17, 1916.

Billings, N. C., $25,000, population 1,757.

Eminnce, Ky., $40,000, population 1,274.

Falmouth, Ky., $25,000, population 1,180.

Forest City, Ark., $25,000, population, 2,484.

Huntsville, Tex., $30,000, population 2072.

Huntingdon, Tenn., $25,000, population, 1,112.

Mt. Grove, Mo., $40,000, population, 1,722.

Mt. Olive, N. C., $50,000, population 1,071.

Rogersville, Tenn., $25,000, population, 1,242.

"When the country needs defense who responds?

"August 1, 1916, Militia on border.

From New York.....16,000
From Massachusetts 7,000
From Pennsylvania 9,000
From Illinois 11,000
From So. Carolina 3,000

From North Carolina the home of House leader and head of Navy Department, none.

From Georgia, the home of the Senate leader, none.

From Florida, the home the the Chairman of Rivers and Harbors, and Public Buildings Committees, none.

From Kentucky, none; Tennessee, none; Arkansas, none; Mississippi, the home of Chairman of Flood control, none.

From Alabama, the home of the Underwood bill, none.

Louisiana, 50.

Of Interest to Soldiers.

"It will be galling to the Union soldiers to know that on March 1, of this year, this Democratic House by a vote of 74 to 58 rejected the element of loyalty as essential to collect southern claims against the government arising out of the war. A motion was then made to recommit the bill with instructions to include loyalty as essential to a claim.

"This was carried by a vote of 183 to 170. Every Republican save one from Tennessee, and one from Virginia, voted for it. Every southern man voted against it and a few northern Democrats, including McGilicuddy, of the 2nd District of Mine. Vot is recorded August Record, Page 3877 of the presnt session.

"The Committee which has charge of these claims is under control of a member from Texas.

"The South governs, appropriates and spends.

"The North obeys, pays and defends.

"This is the irony of fate—fifty years after, It is the meaning of Democratic control."

REGISTRATION AT ILLINOIS COLLEGE

Registration in all departments of Illinois College including the College, Whipple Academy and the Conservatory of Music will occur on Monday and Tuesday, September 18th and 19th. On account of large registration, all local students are urgently requested to register on the first day.

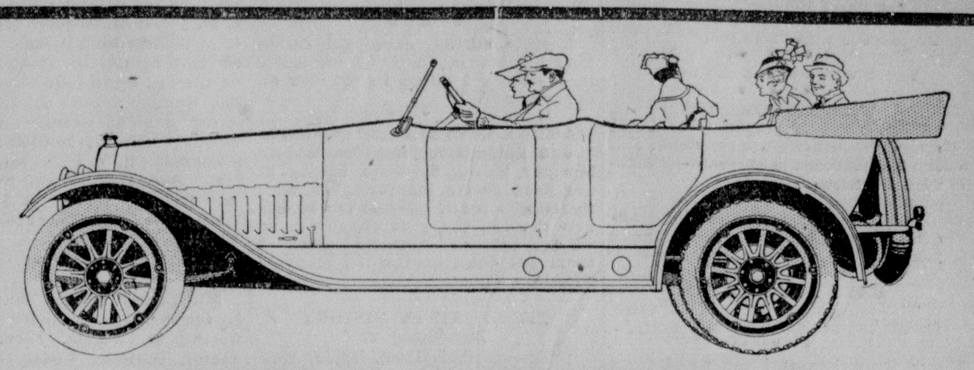

PLANS FOR ROAD LEVELER.

The road leveler which A. E. Nissen, secretary of the Burlington Way has designed can be made as follows: Take two planks 2x12 inches by 10 feet (preferably of oak or some strong wood) and stand on end like the runners of a sled, then take three planks 2x12 by 7 feet and securely fasten them across the front, back and center. Then round up the front and back of the 10-foot planks, and you will now have nothing more nor less than a double pointed sled, 10 feet long and 7 feet wide.

After this is done, have two planks 2x12 inches and about nine feet long fastened at an angle of about 45 degrees and connecting the two ten-foot planks, the front plank being 2 1-2 feet back of the front of this sled (on the right side) and five feet back on the left side. The back plank being 2 1-2 feet back of the front plank. Have about a 3-inch iron shoe on the two planks, this will give you a drag on the same principle as other drags, but will have runners on the side.

On the left side of this drag have an opening in front of the two drags, so as to dispose of the surplus dirt which is bound to be caused by the dragging of the road.

Have a link on the right and left side of this drag and attach a chain to the same and hitch your horses up as close as possible, and you will find that a single team can pull this drag in the mud easier than a double team can pull any other drag known. And after a double round trip has been made with this drag, there will be only a very slight ridge left in the center of the road, and the road will have a nice crown.

MAVERICKS

We hail the winning candidate,
He is a happy man,
But let's give a little sympathy
To the one who "also ran."

* * *

There were several also rans.

* * *

WILL BE SOME JOB.

Tom Short is preparing to build a new flue at both the Methodist and Baptist churches in this city—Plainsville Messenger.

* * *

For a man without a combine Andrew Russel ran pretty well, thank you.

* * *

HAVE YOU MET HIM?

The fellow who picked and voted for all the winners in the primary.

* * *

Fifteen thousand men voted for a dea n in Chicago primary day. We voted for one or two dead ones ourselves.

* * *

An exchange says, the cost of dying grows heavier. What is the world coming to anyway? It used to be when the cost of living got too high a man could kill himself. Now it seems that it is getting too expensive to die.

* * *

DANGEROUS OCCUPATION.

Mrs. Ann Shea has a broken left arm. She was hanging up clothes last week, when she slipped and fell.

* * *

There are several campaign managers in Morgan county who probably are wondering what hit them when they wasn't looking.

* * *

Despite all the successful drives that have been made by the allies they have yet failed to set foot on German soil.

* * *

WARREN LUTTRELL IS CURIOUS.

626 automobiles must be sold in Morgan county by Ford agents in the next twelve months. We shall await with much interest the assessor's returns the year following, as we are anxious to see how many of them get down on the tax books.—Franklin Times.

AT ALL STAGES OF LIFE

The Woman's Medicine. Good for All Ages. Mrs. Harold Smith's Experience.

Clarksburg, W. Va.—"I am writing to tell you the good your medicine has always done me and I hope my letter may be the means of helping some other suffering woman. When I was 16 years old I caught cold and had suppression for two months. I got so weak I could scarcely drag myself up the stairs. I went to two doctors, then my mother got a bottle of Lydia E. Pinkham's Vegetable Compound and I took it. I never had any more trouble and got strong fast. Then I took it again before my little girl was born and it helped me a good deal and I give the Compound the credit for it. Then this spring I felt very badly again, but I took the Compound and have been well all summer. I cannot be grateful enough for your medicine." — Mrs. HAROLD M. SMITH, 470 Water Street, Clarksburg, W. Va.

For forty years it has been making women strong and well, and curing backache, nervousness, uterine and ovarian inflammation, weakness, displacements, irregularity and periodic pains.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

THIS DATE IN HISTORY
September 17

1753—Lewis Hallam, famous English actor, founded the first theater in New York, where performances were given on Mondays, Wednesdays and Fridays and so continued for half a century.

1759—The French evacuated Quebec, which was garrisoned with 5,000 British troops under Gen. Murray.

1787—The Constitution of the United States adopted by the Federal Convention at Philadelphia, and referred to the conventions of separate states for concurrence.

1862—Union forces defeated Confederates at Antietam, Md., with heavy losses to both sides.

1873—Great fire at Chicago, laying waste nearly a square mile.

1888—First meeting of Special Commission to inquire into charges made against Charles Stewart Parnell, Irish patriot, by London Times.

1898—State obsequies at Vienna of Empress Elizabeth of Austria, assassinated Sept. 10 at Geneva by an anarchist.

1908—Lieutenant Selfridge, U. S. A., killed and Orville Wright badly injured in fall of famous inventor's aeroplane to the ground at Fort Myer; first aviation fatality in the United States.

1915—Formal recognition accorded by the United States to the new Haytian government, headed by President d'Artiguenave.

The War.

1914—President replies in noncommital terms to the Belgian protest on German atrocities.

Germans retire farther on north bank of the Aisne.

Germans report violent bombardment of their positions in the Champagne sector.

French renew attacks on important strategical height of Hartmanns-Weilerkopf in the Vosges, Alsace.

ILLINOIS COLLEGE CONSERVATORY OF MUSIC

Students who wish to reserve time with Conservatory instructors should register at the office of the Director in Academy Hall on Monday and Tuesday, September 18th and 19th.

D. S. Benamin of Springfield was a business visitor in the city yesterday.

G. Wyneken of Carlinville will preach. A quartet composed of Mr. Robt. L. Stice, Miss Cornelia Wiegand, Mr. and Mrs. Edward Wiegand, will render appropriate selections.

First Church of Christ, Scientist—Regular services are held in the Huntoon Building, No. 333 West State street, on Sunday at 11:00 a .m. Subject "Matter" Sunday school at 9:30 a. m. Testimonial meeting Wednesday at 7:45 p. m. The reading room is open each weep day from 2:30 to 4:30 p. m. The public is cordially invited to attend the services and visit the reading room.

Congregational church — Bible school at 9:30 a .m. Brotherhood Bible class at 9:30 a. m. Morning worship at 10:45. Evening worship at 7:30.

Brooklyn—Sunday school at 9:30 a. m. Preaching at 10:45 a. m. by the pastor, W. W. Theobald. Epworth League at 6:30 p. m. A cordial welcome to all services. There will be no service at 7:30 p. m. The Brooklyn congregation will join with Centenary in the Memorial services for Miss Melton.

Central Christian church—M. L. Pontius, minister. Bible school at 9:30 a. m. C. L. Mathis, superintendent. Six departments with superintendents and teachers for all classes, so there is provision for all who will attend. Morning worship at 10:45. Theme of the sermon by Mr. Pontius, "The Consecrated Life." At the evening service at 7:30 the pastor will speak on Twentieth Century Religion. Mrs. Genevieve Clark Wilson and Mrs. Julian Hall will sing at both services assisted by Mr. Robert Boyd and Mr. Julian Hall at the morning service. Christian Endeavor at 6:30 p. m. will be lead by Frank Markillie. A cordial invitation is extended to all to attend all the services of the day.

Grace Methodist Episcopal church—F. B. Madden, minister. T. V. Hopper superintendent of the Sunday School. Fred Bray, president of the Epworth League. Professor H. V. Stearn, organist and chorister. Miss Rena M. Lazelle, soloist. Public worship 10:45 a. m. Epworth League 6:30 p. m. Miss Katherine Madden leader. Sermon Themes: "A Divine Christ the Dynamic of Evangelism," and "Life on the Higher Levels." A glad hand for every one. The Official Board will meet at 7:30 p. m. Monday.

Trinity Episcopal church—13th Sunday after Trinity. Holy Communion 7:30. Sunday school 9:30. Morning prayer and sermon, 10:45. J. F. Langton, Rector.

State Street Presbyterian church. Sunday morning service, 10:45. Evening service, 7:30. For both of these services Rev. Geo. C. Lennington, Thompkinsville resident and graduate from Illinois college, will fill the pulpit. Come out and hear him. A wide-awake Sunday school at 9:30 in the morning with a young men's Bible class led by Mr. Findley, secretary of the Y. M. C. A. Come out and join in; T. M. Tomlinson, superintendent. Special music by the choir. The entire congregation is urged to be present at both these services. Visitors always welcome.

McCabe M. E. church—Sunday school 9:45 a. m., Mrs. E. U. Coen, Sunday school superintendent. A lively growing school. Preaching morning and evening by pastor. 11 o'clock service, subject "Safety in God." 8 p. m. service, subject, "Modern Delilah's." Splendid music. A warm welcome to all. N. L. Mackay, pastor.

Northminster Presbyterian church—Walter E. Spoonts minister. Preaching at 10:45 a. m. and 7:30 p. m. by the pastor. The morning subject will be "The Greatness and Mercifulness of God." Evening subject: "Can We Know Sin?" This will be a plain, practical talk on every day sins. Next Wednesday evening the sixth anniversary of the new church and the beginning of the sixth year of the present will be celebrated. A special program with good music and good speeches will be given. All members are expected to be present and all friends invited. Sunday school at 9:30 a. m. Christian Endeavor at 6:30 p. m. A special program for this service. Come and be with us. A cordial welcome for all.

Westminster church, Edward Bryant Landis, pastor—The following will be the order of services: 9:30, Sunday school; 10:45, morning worship; 7:30, evening worship. The pastor will speak in the morning upon the subject, "The Second Mile" and the theme in the evening will be "Thoughts and Actions." Good music at all services. A cordial welcome to all.

Second Christian church, Raphail Hancock, minister—Bible school at 9:30, Mrs. Emma Florence, Supt. Preaching by pastor, subject of sermon, "Tell some good thing the Lord has done for you." Evening service, 7:30. Prayer service conducted by Albert Simmens and Allen Timberlake. At 8:15, Rev. Soles will preach the sermon. A cordial welcome to all. Prayer meeting on Wednesday night. The Citizen's Literary every Thursday night. Come and hear a good program. A hearty welcome to all.

The Woman s College affords an unusual opportunity to the young women of Jacksonville for college education. Special certificate and degree courses in domestic science, music, art and expression.

Mr. and Mrs. W. H. Phillips of Clark's Chapel attended the home coming at Meredosia Saturday. They made the trip in their Maxwell car.

COLLEGE STUDENTS HONORED WITH PROGRESSIVE PARTY.

A progressive party was given Friday evening by a company of friends in honor of Misses Alice Johnson and Helen Haithman, of this city, and Ruby Offut of California, who are soon to leave for Wilberforce university in Ohio. The party was begun at the home of Mrs. Laura Nelson on Anna street and from there went to the home of Mrs. Tate on the same street. The guests went next to the home of Mrs. Ramey of South West street, and thence to the home of Mrs. Foster. Delicious refreshments were served at each place. Features of the evening were dancing and games. Those present were Mamie Johnson, Mabel Jordan, Carl Spencer, Mary Johnson, Mamie Sallee, Cornelia Wright, William Allen, Leonora Kenniebrew, Reon Smith, Blanche Oliver, Slater Oliver, Eugene Nasby, Helen Haithman, Roy Ross, Bessie Ross, Howard Johnson Opal Bell, Louis Pitts, Etta Roberts Mattie Underwood, Alonzo Moseley, Geneva Rogers, Ollie Jones, McKinley Ramey, Robert Allen, W. Williams, Tracy Williams, Huffaker House, Beulah Golphin, Lelia Lynch and Stella Smith.

$5.00 ALL WOOL SWEATER COATS, $1.98. THE EMPORIUM.

PROMOTION DAY

The Sunday school of Grace Methodist church will have the annual promotion exercises today for the primary and junior departments. It is desired that all teachers and pupils shall be present promptly at 9:30 a. m. Parents who are not members of the school are cordially invited to be present this morning.

QUALITY PRODUCT

¶ Is the foundation upon which we have been building. No difficulty has arisen as yet to shake it.

¶ YOUR EXPRESSION OF CONFIDENCE AND GOOD WILL—YOUR INTEREST IN YOUR HOME INDUSTRY'S PRODUCT—AS EVIDENCED BY YOUR INCREASED DEMAND FOR CAPPS 100% PURE WOOL CLOTHES EVEN SINCE OUR ANNOUNCEMENT OF LAST SUNDAY—AS ADVISED BY OUR DEALERS IS VERY GRATIFYING TO US INDEED.

PLEASE ALLOW US TO REPEAT

¶ "To those who are not familiar with the intrinsic value of CAPPS 100% PURE WOOL CLOTHES, please permit us to say—they speak for themselves. You, like all others must be the judge—therefore we say—SEE THEM—occular evidence is the best—inspect them thoroughly—pick them to pieces—we have no fear of your verdict and shall abide accordingly."

¶ Just ask your dealer to show you Capps a 100% Pure Wool suit or overcoat—if he hasn't them, ask us, we'll be glad to refer you to one that has.

¶ Our label is easy to find and 100% guarantee to you—look for it.

Two Good Reasons Why
You Should Have BELL Telephone Service

Most of the people you may wish to call also have Bell Service—

You are assured, not only today, but at all times, of the very best there is to be had in modern telephone service.

Bell Service is the Best Service

Receivers, Central Union Telephone Company.
A. L. Taylor, District Manager,
Telephone, Main 250.

All the Family HEALTHY!

Yes, they're all healthy and happy because among other common sense *health principles* they observe, they breathe *fresh air* in the home. And they all keep warm and comfortable in the coldest, blustriest weather, too. That's because their home is economically heated with a

Warm Air Furnace
Does Double Duty

A *warm air* heating system is just as durable, serviceable, reliable and *trouble-proof* as *any* modern, high-grade heating system. And it doesn't cost anywhere near as much to install, nor to *operate* afterward.

But *this* system not only *heats* but VENTILATES. It forces out vicious germ-laden, poisonous air and constantly replaces it with a steady stream of *heated*, pure air-delightful to breathe and a million times more healthful.

If you're going to have a new heating plant, you might as well have the *best*—and the most *healthful*.

PLAN Specifications Estimates **FREE!**

Come and talk the matter over. Let us draw up a heating plan to suit your own needs. No installation, no charge. No obligation anyway. Come TODAY.

To Make Skin Clear

Don't worry about skin troubles. You can have a clear, clean complexion by using a little zemo, obtained at any drug store for 25c, or extra large bottle at $1.00.

Zemo easily removes all traces of pimples, black heads, eczema, and ringworm and makes the skin clear and healthy. Zemo is neither watery, sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

Zemo, Cleveland.

NEW LUBRICANT RESISTS HEAT
PREVENTS RAPID SEDIMENTATION

Ordinary oil breaks down under the terrific heat of an automobile engine. Within a few hours, black sediment is formed which partially crowds-out the remaining liquid from the friction points where lubrication is most vital. Such under-supply of oil causes friction between the metal surfaces, intense heat, loss of power and expensive repairs.

The new lubricant that resists heat prevents rapid sedimentation, insures generous lubrication, and, except where mechanical faults exist, prevents carbon.

Relative Oil Destruction

The contents of the bottles shown, illustrate the relative durability of ordinary oil and of Veedol the new lubricant that resists heat. Veedol deposits only a small fraction as much sediment as ordinary oils.

There is a fundamental difference between ordinary oils and Veedol. Ordinary oils are unstable and therefore unserviceable because of non-heat-resisting chemical structure. Special processes of manufacture developed by this company and the use of Pennsylvania paraffine-base crude oil give Veedol, the new lubricant, its unusual chemical structure, and its remarkable heat-resisting ability.

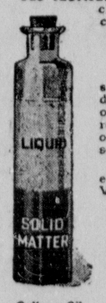

Make this test

Clean out the crank case. Fill with kerosene. Run the motor about thirty seconds under its own power; then draw out all kerosene and refill with Veedol.

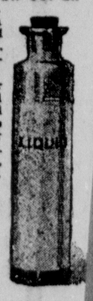

Now make a test run over a familiar road—up steep hills and along straight, level stretches. Keep a record of oil and gasoline mileages.

You will find that your motor has altogether new pickup and hill climbing ability. Veedol enables you to get the *maximum mechanical efficiency* from your car and to reduce your expenses.

Get a five-gallon can of Veedol, and make this convincing road test.

Ordinary Oil after use

Veedol after use

LIGHTNESS OF SUPPLIES CAUSES HOG PRICES TO HARDEN

Cattle quotations Almost Nominal—Most Sheep and Lambs Consigned to Killers Direct.

Chicago, Sept. 16.—Lightness of supplies at all of the principal trading points today caused hog prices to harden. Cattle quotations were almost nominal. Most sheep and lambs had been consigned to killers direct.

Chicago Livestock Market.

Hogs—Receipts, 9,000. Market weak to five to ten cents advance. Bulk, $10.55@11.40; light, $10.35@11.50; mixed,, $10.10@11.50; heavy, $10.05@11.45; rough, $10.50@11.25; pigs, $7.00@10.10.

Cattle — Receipts, 600. Market steady. Native beef cattle, $6.60@11.25; western steers, $6.00@9.40; stockers and feeders, $4.60@7.65; cows and heifers, $3.50@9.35; calves, $8.50@13.00.

Sheep— Receipts, 4,000. Market weak. Wethers, $6.80@8.40; ewes, $3.90@7.50; lambs, $7.00@11.00.

St. Louis Livestock Market.

Sheep—Receipts, 2,300. Market steady. Yearlings, $6.50@7.50; wethers, $6.25@7.25; lambs, $10.20@10.60

UNEASINESS IN REGARD TO BRITISH TRADE RESTRICTIONS LOWERS WHEAT

Market Closes 1¾ to 2⅛ cents Lower—Corn and Oats Show Losses.

Chicago, Sept. 16.—Uneasiness in regard to British trade restrictions bid a good dea ltoday to increase the selling pressure on weeat. Largely in consequence the market closed 1¾ to 2⅛c lower; with Dec. at $1.47⅛ to 1.47⅜ and May at $1.48 to 1.48¼. Corn lost ⅝@⅞c to ⅝c and oats ⅛@¼c to ¼@⅜c. Provisions finished irregular, ranging from 47c decline to a rise of fifteen cents.

Conflicting opinions were put forth as to whether or not the latest London trade regulations concerning neutrals had reference to wheat. The uncertainty resulting counted decidedly in favor of the bears. Continuance of the millers' strike in Great Britain tended also to handicap the bulls. Corn weakened with wheat. Besides, it was said frost predictions had not been fulfilled to the extent which had been looked for and that in any case not more than fifteen percent of the crop could be hurt. For the most part, transactions in oats appeared to be of a local character. Export business was hindered by a lack of cars.

WEEK IN STOCK MARKET ENDS IN MUCH THE SAME WAY IT OPENED

Sales in the Two Hour Session Amount to Nearly 800,000 Shares—Marked Change in Character of Operations.

New York, Sept. 16.—The week in the stock market terminated in much the same way that it opened—a movement of speculation—sales in the two hour session amounting to nearly 800,000 shares, equivalent to a full day of 2,000,000. There was a marked change in the character of the operations however, interest converging almost entirely about the railway division, in which extreme gains of one to almost three points were fairly numerous. Except for United States steel which continued its upward career to the new record of 108, industrials, equipments and munitions were in comparatively light demand altho Briggs-Seabury gained an additional seven points.

Aside from Industrial conditions as indicated by the threatened expansion of labor troubles week end news was mostly favorable, the mercantile agencies reporting an increase in distribution of merchandise and large advance sales.

The bank statement came up to general expectations with a substantial gain in cash and an increase of slightly more than $19,000,000 in excess reserves, that item, however, being very much under the total of a month ago.

The Political Situation From New York Viewpoint

New York, Sept. 16—The New York Sun characterizes the passage of the McAdoo-Wilson Shipping Bill as "a concession to pig headed obsession." In the estimation of many competent observers, however, the Sun is unwarranted in this description. It is true that the Shipping Bill will serve no good purpose. It is true that it appropriates $50,000,000 of the people's money without promising anything but loss and injury in return, but there are certain features of the bill which should not be overlooked. First, the bill creates five jobs paying $7,500 a year each and one paying $5,000 a year to be filled on the eve of the national election, a reason quite sufficient in itself, judging by the record of this administration. Then, as was so often explained to reluctant Democrats in Congress, it "saves the face of the President." Of course it may puzzle any intelligent analyst to understandt how the passage of the mere shadow of the original bill can save Mr. Wilson's face, but his son-in-law assured members of Congress it would do so, perhaps it has. When the Crown Prince first conceived the idea of a Shipping Bill, there was great need of ocean transportation and many marooned foreign vessels were in American ports.

It was Crown Prince McAdoo's idea to buy these ships, but he made a fatal mistake of putting himself and Secretary Daniels on the board to make the purchases. Republicans, and some intelligent Democrats, like Senator Bankhead, foresaw that to buy these vessels in time of war and send them out under the American flag would inevitably involve this country in the European war, while Democratic and Republican senators alike were wholly unwilling to trust Mr. McAdoo to purchase $50,000,000 worth of ships. They knew of course that poor old Daniels would be a "me too" on the board and that the other members would not dare oppose the President's son-in-law. They sought to amend the bill by eliminating McAdoo and Daniels from the board and inserting a provision against buying foreign ships. The Crown Prince would not permit that and the bill was defeated by a Republican filibuster with which the Democratic Senators frankly sympathized, emphatically expressing their sympathy in private. So the bill went over until this time and is now passed with the required amendments. Now, however, private enterprise has done much to supply the lack of ships and every shipyard is so crowded that no ships can be built for the government for three years and none are for sale. But still it is not a useless measure. There are those five fortunate and "deserving" Democrats who will get $7,500 a year and one $5,000 a year. After Maine, Mr. Wilson needs more pie to inject "ginger in this campaign."

The Middle West—That hopeless optimist, Vance McCormick, chairman of the Democratic National Committee, is confident that even if the Progressives have returned to the Republican party, as shown by the Maine election, "the middle west is overwhelmingly for Wilson," while Secretary Lane asserts that "West of the Alleghanies is solid for the President." In 1914, the Maine Republicans polled 58,682 votes; the Progressives 18,225. In Ohio, the Republicans polled 524,625, the Progressives 60,971. The Republican, Willis, was elected by 31,258 plurality. The percentage of Progressives in Ohio was, therefore, much smaller than in Maine. The Democratic candidate received 92,229 fewer votes than the combined Republican and Progressive vote. In Wisconsin the Republican candidate for Governor was elected with 140,787 votes, the Progressives casting 32,569, the combined vote being 53,838 greater than that of the Democrat. In Iowa, the Republican candidate for Governor was elected by a plurality of 30,861. The Progressives polled 17,329. In Indiana, two years ago, a Democratic Senator was re-elected by a plurality of 45,483. Miller, Republican, 226,766, and Beveridge, Progressive, 108,581. Mr. Beveridge is now supporting Mr. Hughes. Add one half his vote to that of Mr. Miller and see where Shively, the Democratic candidate, would have been. Democratic arithmetic must be as peculiar as Democratic statesmanship.

T. R. Going West—Col. Theodore Roosevelt is going west. He will make five speeches for Mr. Hughes. While the Democratic managers may not be able to do thier sums with much certainty of accurate results, there will be no sincere doubts in their minds as to what are the prospects of their candidate when Mr. Roosevelt gets thru with him, according to those who have been permitted a glimpse at the outline of Mr. Roosevelt's speeches. Some of these enthusiasts even go so far as to say that the Democratic donkey will look like an army mule after six months in the European trenches, once Mr. Roosevelt has completed his speaking trip. That was what he looked like to the Maine voters after Mr. Roosevelt had spoken there ,and there may be some basis for the prediction of Mr. Hughes supporters regarding his appearance in the middle west after he has gone up against the body blows of "the Mighty Hunter."

Hughes in the West—"Gov. Hughes' western trip was an unqualified success." This is the statement of a newspaper correspondent of long experience, who represents an independent paper and who "trailed" the Reublican candidate thruout the west. As every newsaperman knows, the man who trails—that is, travels over the same ground about a week behind the candidate—has a far better opportunity of observing the real effect of the candidate's trip than those who travel with him. "Mr. Hughes," continues this correspondent, "made a splendid impression. He made no attempt to imitate Col. Roosevelt. He did not attempt oratorical pyrotechnics. But he talked with an earnestness, a clearness and a convincing logic which held the rapt interest of his auditors and made a splendid impression. People told me that they were so interested in his speeches that they forgot to applaud and never thought of interrupting to cheer. When I told that to the Democratic managers they laughed with derision—until I reminded them that Lincoln's speeches were never cheered and that even his Gettysburg address was not applauded. The people were too much impressed by Lincoln to give any outward evidence, other than their intense silence, of the deep impression his words made. And from what many Republicans and Democrats and all newspapermen I met on Mr. Hughes' trail told me, I became convinced that he made much the same kind of speeches and the same sort of impression as did Mr. Lincoln."

Wilson Demands Ginger—That "Wilson demands ginger" is the announcement in a dispatch from Mr. Wilson's summer home to the New York papers. It apearp that Mr. Wilson is highly indignant over the result in Maine and is disposed to hold his campaign managers responsible for it. It is predicted, therefore, that there is a very bad quarter of an hour in store for Chairman McCormick. Mr. Wilson never reads any criticisms of himself and, doubtless, is wholly unaware of the drastic condemnation to which he has been subjected by Mr. Hughes, Col. Roosevelt and other Republican speakers. Close friends describe him as convinced beyond argument of his own popularity and firmly persuaded that nothing will prevent the American people from entrusting their Government to him for another four years. But the Maine results were disturbing and, according to the correspondents wtih him, he purposes to make someone suffer for their carelessness in losing Maine.

NOTABLE BIRTHDAYS TODAY

September 17

Raymond Robins, who was chairman of the Progressive national convention at Chicago last June, and whose support of Mr. Hughes has since been formally announced accompanied by an appeal to his former Progressive associates to re-enter the Republican ranks with him, is 43 years old today. Mr. Robins was born on Staten Island, N. Y., and educated at George Washington University. He first came into prominence as a social economist when superintendent of the Chicago Municipal Lodging House in 1902. Following several years of administrative work in connection with social settlements, municipal lodging houses and other philanthropic agencies in Chicago, Mr. Robins became expert adviser for the Men and Religion Forward movement in its 1911-12 campaign in the Untied States. The following year he toured the world under the same auspices. He is one of the lieutenants who enlisted early under Mr. Roosevelt in the latter's championship of social reforms, and he has never wavered in his loyalty to his chieftain. In 1912 he was conspicuous in dratting the Progressive platform at Chicago, and was Progressive candidate for U. S. Senator in Illinois in 1914. When the Klondike rush began, Mr. Robins was one of the first to go to the gold fields, and he is said to have amassed there a comfortable competence.

Prof. Leo S. Rowe of the University of Pennsylvania, authority on Pan-American affairs, Spanish linguist, and now acting as secretary of the United States-Mexican commission assembled to settle the difficulties between the two republics.

Prof. Frank Dawson Adams of McGill University, noted Canadian geologist, 57 years old today.

Prof. Stimson J. Brown, astronomer, head of department of mathematics of U. S. Naval Academy, 62 years old today.

George Stallings, baseball magnate, manager of the Boston Braves, 47 years old today.

W. E. Walker of Murrayville called on relatives in the city Saturday.

GREAT GATHERING OF WOMEN.

Women from all over the United States and from lands beyond the seas will be present in thousands at the General Convention of the Episcopal church to be held at St. Louis in October. Each of the 68 diocesan branches of the Woman's Auxiliary to the Board of Missions is entitled to send five delegates to the Missionary conferences and meetings connected with the Convention and delegates will also be present from China, Japan, Africa, Cuba, Porto Rico, the Phillippines and Honolulu.

Their meetings will be held in the Sheldon Memorial Building where, every day, mission study classes will meet, to be followed by conferences addressed by mission workers from all parts of the world. At the noon hour all work will be suspended for the offering of special prayers for Missions.

The climax will be the great service to be held in Christ Church Cathedral on October 12 for the presentation of the Women's United Offering. During the past three years the women of the Church have distributed thousands of Mite Boxes for small gifts to Missions. These are opened twice a year and the money is accumulated for the Triennial United Offering. At this service each diocese and missionary district will place in the alms basin its gift. The total at the General Convention of 1913 was $306,500, and it is expected that amount will be exceeded this year. Considerable rivalry exists betwen the dioceses as to which makes the largest contribution. In 1913 the diocese of Pennsylvania led the way with an offering of $39,000. The gifts are placed in a magnificent silver-gilt alms basin presented to the Church of England. This basin is in the custody of the House of Bishops and is used only at the meetings of the General Convention.

The United Offering service will consist of a celebration of the Holy Communion at which Bishop Tuttle, Presiding Bishop, will officiate, assisted by Bishop Arthur Selden Lloyd, president of the Board of Missions, in addition to which more than one hundred Bishops will be in attendance. When the offering is formally presented the Doxology will be sung by the vast congregation, and hundreds of women who cannot obtain admission will take up the strains outside. It will be one of the most impressive sights of the Convention.

The secretary of the Woman's Auxiliary is Miss Julia Emery, who has filled the office with signal ability for 46 years.

There is Nothing Like it,
Nothing that can take the place of
Newbro's Herpicide

If you are troubled with dandruff, falling hair or itchy scalp, there is a world of comfort in NEWBRO'S HERPICIDE. Try it. One application will convince. The feeling of coolness, the sense of cleanliness and the exquisite odor are things you cannot forget. HERPICIDE is an efficient dandruff eradicator, a delightful hair dressing, a cleanser and an antiseptic.

NEWBRO'S HERPICIDE gives the hair a softness and luxuriance that is always associated with the use of this scalp prophylactic. Hair that isn't healthy cannot be pretty and attractive. HERPICIDE by rendering the scalp sweet and clean, makes the hair healthy and keeps it so. It is indispensable to the toilet—not a luxury, but a requisite.

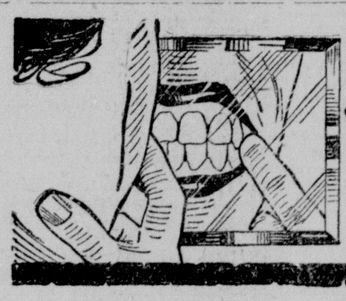

SEND 10 CENTS FOR SAMPLE BOTTLE AND BOOKLET

Every man and woman is exposed to the attacks of dandruff which is contagious and ninety nine out of every hundred are suffering from it's annoyances. The booklet published by The Herpicide Company, on the hair and its care, is of intense interest, and HERPICIDE itself is a revelation to all. A sample bottle of NEWBRO'S HERPICIDE and the booklet will be sent to any address upon receipt of Ten Cents in postage or silver to cover cost of packing and mailing. Address THE HERPICIDE CO., Dept. S, Detroit, Mich.

Two sizes, 50c and $1.00—Sold Everywhere—Guaranteed by The Herpicide Co.

Applications at the better barber shops and Beauty Parlors.

Demand Genuine Herpicide and GET IT.

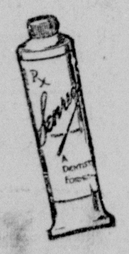

Examine Your TEETH Tonight

—after you clean them.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germ-laden tartar is present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c. Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for liberal-sized trial package.

"PREPAREDNESS"
See your dentist twice yearly
Use Senreco twice daily
The tooth paste that REALLY CLEANS

BURGOO PICNIC SATURDAY DECLARED A SUCCESS

Nearly One Thousand Children Enjoyed Day at Nichols Park—Isaac Watson Prepared Delicious Soup; and Others Aided in Various Ways.

The entertainment or free picnic and burgoo for the school children of Jacksonville for 1916 has passed into history and it is a bit worthy of mention that in eighteen years on ooccasions of this kind, excursions to distant points and the like in each of which hundreds of children have been participants there has not been a stormy day nor an accident of any kind. Yesterday one disobedient boy would persist in getting into a boat before it was ready for him and he fell into the water getting a good wetting which was all that took place untowardly.

About eleven hundred tickets were issued but the cold weather kept a good many of the wee ones at home so that something like nine hundred attended. It was a trifle cool in the morning but the thermometer rose toward noon and the rest of the day was all that could be asked While as a matter of course the children were irrepressible they were generally good natured and there was little imposition and scarcely any quarreling or unpleasant words.

From the moment they began to assemble on the square to start till they landed at home at night their voices were in active use but it was good natured noise and that seldom dsturbs any one. Every precaution was taken to guard against accidents and the imposition on the little ones by the larger. Careful persons managed the boats and while hundreds enjoyed rides there was no trouble. This sport was wisely abandoned before night as the driving wind made it a bit unsafe but the playground with its ample equipment and the nerly 100 acres of the park gave ample opportunity for the exercise of all the pent up energy there were on hand.

A good many mothers came along with the smaller children and they fully enjoyed the day. There seemed to be nothing lacking to enable the children to enjoy themselves and they certainly seemed to do so. They rolled on the grass, they chased each other about and in general turned themselves loose in a good natured manner and had a day that will long be remembered by them.

The Burgoo Soup.

What would you give for the keen appetite of childhood and the means with which to gratify it? Surely some well organized appetites were brought along yesterday. Five hundred gallons of Uncle Isaac Watson's best soup was simmering in a lot of huge kettles in the morning and at evening where were they? At one time the management feared the capacity of the children had been overestimated and probably six or seven gallons were disposed of and that was all and the whole amount was devoured. But as far as ascertained but one little girl failed to get a bowl of soup she would have eaten though she had been abundantly supplied all day. Where in the world the children put away that vast quantity of soup and the big boxes of crackers was a mystery for there were hardly a thousand present though there might have been that number. Not one was reported sick or even indisposed and all had such a good time it was quite a task to shoo the last ones out of the park at night but they all went, it is thought, and all right, at least no reports of missing ones have been received.

Many Aided Enterprise.

A pleasing feature was a treat of watermelons and peaches through the generosity of Dr. David Strawn to whom many thanks are due. To try to mention all who showed kindness would be unsafe as there would be danger of omitting some. Mention should be made of Uncle Isaac Watson who so generously gave his time and fine experience and the soup yesterday was more than up to the standard. The Jacksonville Street Railway company was very kind, the press and all others approached, no one was cross or unkind and many were generous and openhearted. Several teachers kindly gave their time and labor a good part of the day and it was no light task either. Mr. and Mrs. Dan Kelly were on hand as always and worked all night to get things ready.

To one and all who showed kindness the management says, thank you.

The Store that gives you the best for your money, in BLANKETS, COMFORTS and BEDDING of all kinds.

Richard H. Gurney of Wilmington spent Saturday in the city on business.

OCTOBER 2ND FIXED AS OPENING DATE AT Y. M. C. A.

Special Winter Activities Will Begin Then—Figures Swimming Pool is Popular.

Plans for the winter activities and for the opening day October 2 were discussed at the regular monthly meeting of the directors of the Y. M. C. A. held at the association rooms. A reception and special program will be given on the opening day and visitors will be shown about the building. A membership campaign will be in progress from October 3 to 7, and the local association hopes to win the silver cup which is offered to the association able to show the largest percentage in membership increase. The Jacksonville association last year failed by but one point in winning this cup. The attendance during the month of August has been greater than during any other month of August in previous years, according to the report of the physical director. The swimming pool has been the main attraction at the Y. M. C. A. during the month, altho the tennis court has also been popular. The gymnasium has not been in use since August 9 when remodeling work was commenced by Joshua Vasconcellos and his force of men.

Work in the boys' department has been going on actively. On August 3 the Boy Scouts of America were organized, twenty boys being initiated. On August 11 the boys took a hike to meet Bobby Burns, famous pedestrian, and on August 14 they went to the farm of Truman Carter where a camp fire was a feature of the evening's program.

The following figures were given for the month of August:

Swims—Men, 469; intermediates, 467; juniors, 545; swimming lessons—Men 32; boys 114 1,518
Using tennis courts, tracks, etc.—Men 312; boys 404 716
Using gymnasium (8 days) ... 45
Baseball and swims at chautauqua 100

Total 2,342

BACK TO THE OLD HOME

Mr. and Mrs. Stephen A. Mapes of Higginsville, Mo., are visiting his brother Landon and Miss Mapes, of South Church street. They illustrate the travelling characteristics of the Anglo-Saxon and American. Mrs. Mapes is a native of England, whose parents brought her to Boston, Mass., in her childhood. Later on she came here temporarily and met Mr. Mapes, and they were married in Boston, she being then Miss Bambrook.

Mr. Mapes was a son of Ira Mapes, well known here. In his younger days Mapes & Sons ran the "Morgan Mills" on North Main street, or rather the Beardstown road. Stephen was a main part of the milling.

C. R. Underwood was one of the contractors for the court house and he induced Mr. Mapes to go to Salina, Kans., and go into the milling business, which they carried on successfully for some time. Mr. Mapes then went into business there with another partner. From Salina Mr. Mapes went to Riverside, and some other California points, and from there he came back to Higginsville.

The elder Mr. Mapes, whose sister was the wife of Gen. Murray McConnel, came west in the first or second decade of last century, stopping for a while in Missouri, south of St. Louis. From there he came here, and raised his well known family.

Mr. and Mrs. Stephen A. Mapes are enjoying their visit to their old home.

SECOND HAND BOOKS

First Ward pupils can fined second hand books at LANE'S Book Store, West State street.

BURLINGTON WAY STILL BOOMING.

The officials of the Burlington Way are keeping things going in the work of improving and marking the Burlington Way trail. Saturday afternoon a meeting was held at Bowen with seventy-nine present. An organization was perfected to begin work immediately on the Beardtown, Carthage and Burlington division of the trail. C. E. Carnum of Hamilton was elected supervisor of the division and for assistants J. C. Winters of Augusta and W. H. Bricker of Nauvoo were elected.

A big meting was also held in Hamilton Saturday evening with one hundred and twenty-nive present. The Hamilton Auto Trails association was organized and a meeting will be held next Saturday night when it is expected to have a membership of two hundred signed up. Sixty members signed up at this meeting. This will also be a division of the Burlington Way.

A Perfect Dependable, Economical, Wood Coal and Gas Range

The Three-in-one Majestic

The cambination coal, wood and gas Range without too much mechanism; no levers to turn or twist—to get out of whack or be mishandled.

It is the simplicity of the Majestic Combination that has made it so popular. Not a thing to change in your oven—just turn on the gas. Can be attached to your own Majestic and heat your reservoir (if its on the back end of your range.)

$7.50

This gas attachment on a new Range is $7.50. On an old Range $7.50 plus the time of attaching.

Renowned Gas Saver Burner

Mixes 40 to 50 volumes of air with one volume of Gas.

REMEMBER—only three gas burners used to heat the entire top, oven and reservoir, and they burn less gas than the top burners only of an ordinary gas Range. The same burners that heat the top heat the oven and reservoir.

Service is the backbone of our business. The very best footwear for the money, supported by the careful attention of efficient shoe fitters. Our shoe service is reliable.

WEATHER RECORDS NOW ON FILE AT LIBRARY

George H. Hall Has Placed Data There Covering Twenty Years

George H. Hall, who has been keeping weather reports of Morgan county for twenty years past, has placed practically all of his records at the public library. This action was taken because the records now occupy considerable space and for the added reason that as time passes along the records are of increasing interest and they are much safer in the library than in Mr. Hall's home. The records filed are from 1895 to 1914 inclusive and give the high, low and mean temperature and the rainfall for each day during the years mentioned.

In addition to giving these facts for Morgan county, like data is listed for the various other weather observing stations in Illinois. It is therefore, possible from these records to get accurate data concerning weather conditions and rainfall thru all parts of the state since 1895. Mr. Hall has kept his books with great accuracy and faithfulness and in placing the records where they will be available for the public he has furnished records which are of interest and value now and which will be of greater value and interest in time to come.

HANDSOME REMEMBRANCE FOR REV. AND MRS. FLAGGE

The Ladies' Aid society of Centenary church held a regular monthly meeting recently at the home of Mrs. Louis Kelly, 646 South Diamond street. The attendance was unusually good and the meeting proved a very profitable one for all present. The society presented Mrs. G. W. Flagge, wife of the pastor of the church, with a set of solid silver spoons. Rev. Mr. and Mrs. Flagge are soon to leave the city, and the gift served as a token of love and appreciation. Mrs. A. C. Metcalf made the presentation speech.

During the business session plans were discussed for a chicken fry to be given Tuesday evening, September 26, and the date for the annual Christmas bazar and turkey supper was fixed for Tuesday, December 5. Delicious refreshments were served, the assistant hostesses being Mrs. C. F. Smith, Mrs. George Moore, Mrs. Joseph Stice and Mrs. Lucretia Brown.

M. L. HILDRETH.

The Woman's College opens next week. Monday and Tuesday are registration days. First Chapel service nine o'clock Wednesday.

JAMES CLIFFORD KILLED BY ILLINOIS CENTRAL WATCHMAN

Former Resident of this City Met Instant Death Saturday Night in East St. Louis Railroad Yards—Brother Employed at Local Car Shops.

St. Louis, Mo., Sept. 16—(Special)—James T. Clifford, 32 years old, a machinist, brother of Robert Clifford of Jacksonville, Ill., was shot and killed tonight by Cornelius Henry, a watchman for the Illinois Central Railroad in the yards in East St. Louis. Clifford, who went to East St. Louis from Ann Arbor, Mich., last Wednesday, had been stopping at the home of his brother-in-law, Harry Wilson.

Henry said he found Clifford near a car of merchandise which had been opened and that when he attempted to place Clifford under arrest he resisted and struck him.

After sending Clifford's body to an undertaking establishment Henry went to the police station and surrendered.

"I placed Clifford under arrest when I found him near a car on which the door seal had been broken," said Henry. "After we walked a short distance Clifford said he would not stand to be arrested and struck me with his fist. I stepped back and as he made a move as if to draw a revolver I fired one shot."

Clifford was shot thru the heart and was killed instantly.

In addition to his brother in Jacksonville Clifford is survived by a sister in East St. Louis, with whom he was stopping, and two other sisters, Mrs. James Chapman of Carrollton, Ill., and Mrs. Cather, of Gunther, Ind.

Clifford's wife and three children are residing in Kansas City.

Members of his family said that they did not know the address and the police have been unable to notify her of her husband's death.

James P. Clifford was born in Carrollton and grew to manhood there. He was a machinist by trade and worked at the C. P. & St. L. shops in this city when W. E. Killen was superintendent. Afterwards he worked in the C. P. & St. L. shops in Springfield and was foreman of the machine shops there for a time. His brother Robert Clifford is employed at the C. P. & St. L. shops and resides at 141 East Independence avenue. While a resident here the deceased had an excellent reputation.

JOHN BODDY BUYS STUDEBAKER 6-50

R. T. Cassell, Studebaker agent, Saturday sold to John Boddy a seven passenger touring Studebaker 6-50 car.

The Biggest and Best Line of Stoves, Ranges, and Furnaces are on sample for your inspection. The prices are right and our terms liberal. Will be glad to have you call any time and look through. Brady Bros.

NO OBJECTIONS TO PRAIRIE STREET PAVING.

Bids are now being asked by the board of local improvement for the paving of Prairie street. This action is possible because Judge Thomson in the county court approved the assessment roll. At first there was a possibility that some property owners might file objection to the improvement but after the matter had been gone into thorpiy and some slight changes made all objections were withdrawn and the confirming order was entered.

A WORD OF APPRECIATION

I wish to thank my friends and voters of Morgan county for their assistance at the Primary and trust that I may prove myself worthy of your support Nov. 7th.

CHARLES A. ROSE.

THREE DIVORCE SUITS FILED SATURDAY IN CIRCUIT COURT

Desertion and Cruelty are Causes Assigned by the Complainants.

Paul Samuell, as attorney for Charles Trent, has brought suit on behalf of the complainant for divorce from Martha Trent. The two were married in December of 1913 at Treadway, Tenn., and lived together only about ten days. It is set forth in the bill that the defendant deserted her husband at that time and has continued to absent herself.

Mrs. Anna Baptist has brought suit thru her attorney, J. O. Priest, for divorce from her husband, Edward Baptist, to whom she was married November 18, 1905. The family home recently has been at Evanston and the bill recites that the husband has been guilty of various acts of cruelty. There are two children, aged eleven and four.

Another divorce case filed is that of Mrs. Etta Durand, who is seeking separation from her husband, W. H. Durand. Her attorney is Carl E. Robinson and the bill sets forth that the defendant deserted his wife in September of 1913. They were married Nov. 21, 1911.

MATHIS, KAMM & SHIBE SAY:
New rubber boots are here at same prices as last fall. Come in and examine the Goodrich "Hi-Press" in red or white, also the well known Arrow.

BOYS TAKE HIKE

The junior A. and B. division boys, who took a hike Saturday from the Y. M. C. A. to the farm of Arthur Reeve, enjoyed the trip immensely, cooking their own dinner, engaging in games, and tho threatened at one time by a swarm of bumble bees, finishing the day without mishap.
